## MODERN OLYMPIC MEDALISTS ON STAMPS

- Jim Hughes -

Part Eight

Olav, Crown Prince

Norway

1928 Yachting--6-meter class

Norway 360-74 and B43-6

The Crown Prince of Norway won this 6-meter event in his yacht "Norma" over M. Witt of Denmark in "H1 H1", with third place going to A. Pable of Estonia in "Tuti V". Note the stamps portray him as the Crown Prince and later as King of Norway.

Quellette, Gerald

Canada

1956 Shooting--small bore rifle (prone)

Dominican Republic 484 and B11-2

Quellette scored 600 to nose out Vassili Borissov of Russia who had 599 for the first perfect score ever recorded in this Olympic event (60 shots in six series of ten each) on the 50-meter range. However, the range was measured later and found to be short, so his performance does not rank as an Olympic record.

United States

1936 Running--100-meter dash (10.3)  
200-meter dash (20.7)  
Relay--4 x 100 meters (39.8)  
Broad jump (26' 6 21/64")

Dominican Republic 475, B2, and B27

This great Ohio State University athlete, who on four occasions in one day at the Berlin Games surpassed former Olympic marks (twice bettering listed world records), staged one of the greatest individual performances recorded in the Olympics. The tan streak was the first to score a double dash victory, as well as to equal the great Paavo Nurmi's feat of winning four gold medals in one Olympic venue, and established himself among the world's track and field immortals.

Estonia

1936 Wrestling--free style (heavyweight)  
Greco-Roman (heavyweight)

Japan 568

Palusalu is the only man to win both the free style and Greco-Roman titles in this event and was only the second (and last) Estonian to win an Olympic wrestling crown. He is shown here grappling with the German, Kurt Hornfisher.

Italy

1956 Fencing--epee (individual and team)

Dominican Republic 529 and B38

Pavesi led his teammates to a sweep in this Olympic event, all having 5-2 won-and-lost records at the finish of the competition

Petersen, Kurt A.

Sweden

1948 Wrestling--Greco-Roman (bantamweight)

\*Turkey 987

The information I have is that this stamp depicts Pettersen and Akar of Turkey. I am assuming this to be the Petersen listed in the Olympic record books. He was the only Swedish wrestler to win this Olympic title.

Petrescu, Stefan

Romania

1956 Shooting--silhouette pistol

Romania 1453

Petrescu won with a 587 score over Evguenii Tcherkassov of Russia, who scored 585 of a possible 600. This rapid-fire shooting event on the silhouette at 25 meters (sixty shots in two courses of thirty each) is the most interesting from the spectators' viewpoint, with a series of five shots being fired from eight seconds down to four seconds each per series.

Pirvulescu, Dunitru

Romania

1960 Wrestling--Greco-Roman (flyweight)

Romania 1455

Pirvulescu decisioned Ignazio Fabra of Italy in the finals to win for Romania its first Olympic wrestling championship, winning three and losing one with one draw. The competition was held at the Basilica di Massenzio, shown on Italy 777.

Read, Norman

New Zealand

1956 Walking--50,000 meters (4:30:42.8)

#### 4 MODERN OLYMPIC MEDALISTS ON STAMPS (Cont'd)

Dominican Republic 483 and B10

Read won this event in a breeze--on a very windy day--over Erguenii Maskinov of Russia and the over-thirteen finishers over the 31-mile tour of the Australian countryside. The black-uniformed New Zealander broke into a happy dog-trot after crossing the finish-line in the stadium, to the delight of the neighboring Aussie crowd. Although the United States entries have won only one Olympic walking title, in 1906, they were the only ones to have three finishers in this event at Melbourne.

Rose, Murray

Australia

- 1956 Swimming--400-meter free style (4:27.3)  
1500-meter free style (17:58.9)  
4 x 200-meter relay (8:23.6)  
1960 Swimming--400-meter free style (4:18.3)  
1500-meter free style (silver medal)  
4 x 200-meter relay (bronze medal)

Dominican Republic 505 and B25

Rose was a member of the youthful Aussie 800-meter relay team, which set a new world and Olympic mark in this event at Melbourne. The blond, smooth-stroking, 17-year-old Aussie also set new Olympic records in the 400-meter and 1500-meter free style events, to give Australia five of the nine men's swimming events at the 1956 Games. He retained his 400-meter crown at the Rome Games, clipping nine seconds off his old Olympic record in this event.

#### REVIEWS

Part 3 of the K-Line pages for the 18th Olympic Games. George Kobylka and his company are making noble efforts to cope with the vast output of Olympic stamps, but many more pages will be necessary to handle the flood. Part 3 continues all the good things of previous issues of these album pages--heavy stock, clear illustrations, a wealth of descriptive material; you name it and these pages have it. The cost of this section is \$5.20 plus postage (65¢); the K-Line advertisement appears regularly on the back cover of our "JSP".

With this set of pages K-Line has declared a bonus in the form of eleven pages summarizing the results of the Tokyo Games. This includes the results of both individual and team events and a complete chart of the entire tournament competition in basketball, field hockey, soccer, volleyball, and water polo. These sheets are included in the packet, but may be purchased separately for \$1.50 (including postage) by those who make their own album pages.

Since the Olympic issues have been numerous and the K-Line pages come in sections, a listing of those issues included in this Part 3 seems appropriate. Perforate stamps are covered for Afghanistan, Cameroons, Central Africa, Chad, Republic of Congo (2), China, Cyprus, Czechoslovakia, Ethiopia, France, Gabon, Ivory Coast, German Democratic Republic, (2), Japan (2), Jordan, Yugoslavia, Mali, Mauritania, Mongolia, Niger Republic, Panama, Paraguay, Poland, San Marino, Senegal, Turkey, Upper Volta, and Yemen. Souvenir sheets are included for Afghanistan, Bulgaria, Cameroons, Central Africa, Chad, Republic of Congo, Cyprus, Gabon, Japan (3), Jordan, Mali, Mauritania, Mongolia, Niger Republic, Poland, Upper Volta, and Yemen. R.M.B.

Dear Mr. Postmaster General,

At the outset let me say that I am all for the Sokol organizations. I admire their members, their ethnic pulling-together for this country, their program objectives (including physical fitness), and their overall effectiveness for their first hundred years in the United States. I congratulate them at the time of their centennial and wish them even greater success for their next hundred years. And if they merit a commemorative stamp by whatever standards you and your department judge requests for such issues, then I am thoroughly delighted.

However, my admiration for the Sokol commemorative stops right there and, from the rumblings from Sokols around the country, I am not alone in my complaints. I deplore the design of the forthcoming stamp, especially the subject selected. The classic discus thrower has been so thoroughly overworked on stamps as to be completely fatigued and lacking in significance. Our new stamp does not say "Sokol" anymore than it says "Turnverein" or "United States Olympic Committee" or "U. S. Track and Field Federation" or "Junior Chamber of Commerce"--except for the lettering, which does help a bit on the identification problem. I would have hoped that you, your experienced staff, and your advisory committee could have come up with something more pertinent.

Your answer may be that all stamps, including commemoratives, are simply for the prepayment of postage, that their design is not important. Such a statement, though technically accurate, is an over-simplification and a failure in itself. No one takes such an attitude seriously, for the public relations value of stamps is too great. Or you may say that it is just another in a series which fulfills its dual function of postal payment and commemoration. I agree in principle. We have large numbers of such issues; they vary greatly in significance of commemoration, in choice of subject matter, and in design and art work. But that response only avoids the issue. Or you might even tell me that, if I don't like the stamp, I can ignore it completely. Again I agree, up to a point. I can refrain from use of the stamp (not that that would gain anything for anyone) or I can use it only for modest personal needs just as I do other commemoratives. But, if I truly dislike this stamp, I can't isolate myself from it completely, for it will appear rather frequently on my incoming mail. But then, how silly can one get?

However, all these aspects fade into insignificance when compared with the real issue--the fully admitted and publicized dual purpose of this stamp. The issue commemorates both the Sokol centennial and physical fitness; there can be no doubt of this when one reads your department's publicity releases. However, it does favor the Sokol aspect at the expense of physical fitness; again there can be no doubt. Up to a certain point this dual attention is logical and appropriate, but eventually one must realize how grossly inadequate and unfair is the implementation of your decision.

What is this "physical fitness" which gets mere lip service as the second commemorative objective of this stamp? Very briefly, it is a national goal affecting every one of our citizens from young to old. It is a principle espoused by three Presidents through their Councils on Physical Fitness. It is a concept receiving progressively greater attention by the American Medical Association and specialized groups of medical personnel. It is one of the important objectives of the thousands upon thousands of professional people in health, physical education, and recreation work. It is the increasingly widespread concern of Boards of Education, recreation groups, the YMCAs and YWCAs, and literally hundreds of other local sponsoring and promoting organizations. This is the thing which runs the gamut from the baby playing with a ball to Dr. Paul Dudley White riding his bicycle. It is both an individual and a group concept far more important than the breaking of a few athletic records here and there or the continued superiority of this country's athletes in international competition.

Physical fitness doesn't apply only to a few hundred thousand Sokol members, Mr. Grounouski, but to you and me and nearly two hundred million in our country. This postal issue, as finally released by your department, should involve not simple commemoration of a successful organization and mere acknowledgment of physical fitness; it should provide much-needed publicity for a worthy national ideal. What an opportunity you let slip away!

And why did you blow it? We ordinary citizens will never know the facts, but it probably pitted a few sympathetic Senators and Representatives and a vocal group of supporters representing a few hundred thousand votes on one hand and a comparatively unsupported national ideal on the other. The first group you understand well in your business, but the other side doesn't get much attention. So the worthy Sokol cause received commemoration and the national need got the once-over-lightly treatment. That's quite a deal, even judged by the expediency of politics. Fortunately, neither cause got hurt; only an opportunity was lost.

But the need for publicity still exists, Mr. Postmaster General. You can't deny it, play it down, or hide it. Are you for physical fitness for our citizens or is it easier to forget the matter? What do you do now?

John W. Pagliano (SPI 578) reports a portfolio of Olympic posters published by the Japan Book Publishing Association. This portfolio contains fourteen official posters for each Olympic Games from 1912 through 1960 and four from the 1964 Games. It also contains four sheets depicting stamps from the 1896-1964 Olympic Games. These sheets measure 8½" x 11" and are printed in full color.

These portfolios may be purchased from Track and Field News, P. O. Box 296, Los Altos, California for two dollars. As some SPI members already know, "Track and Field News" is a monthly publication giving world coverage to track and field athletics.

END OF SALE----- THANK YOU.

#### NEWS OF OUR MEMBERS AND AFFILIATES

Winners at SESCOAL 1964. An exhibit of stamps showing ball sports won a gold medal for Chris Norgard (SPI 9) at the recent SESCOAL 1964 in Los Angeles. Congratulations, Chris; you haven't lost your touch!

Our own Sports Collectors of Southern California offered a trophy for the best sports exhibit in the junior competition at SESCOAL. Stephen Hutchins, whose entry was by far the best junior exhibit in the entire show, was the winner. The photograph to the right shows Steve being presented his award by SCOSC member Carl Davenport (SPI 573). Of the seven junior entries sponsored by SCOSC, all took one medal or another. Barbara Williams' daughter, Nancy, won a bronze medal and swears that she will win the trophy next time.

SPOP again! Major credit for the attractive and modest Philippines Olympic set goes to our Sports Philatelists of the Philippines. Not only did our friends strongly suggest the set to the Philippine Bureau of Posts, but they also insisted that there be no imperforate edition and no souvenir sheets, according to Pablo M. Esperidion (SPI 157). That last bit is refreshing news.
