* Note: The Commissioner from the United States, Mrs. Barbara T. Williams, voted by proxy through Sr. Emilio Obregon.

RESOLUTIONS

1. It was resolved (with one vote against) that the Regulations for Exhibitions held under FIAF sponsorship shall include only the two following groups within the Thematic Section of the exhibitions:

a. Thematic.

b. Topical. This group includes both collections with a subject (illustrative) motif and a purpose-of-issue motif.

2. It was unanimously resolved that the collector shall have the liberty of including one or all the stamps in a set, even if of a similar design, as he sees fit, that may be in his thematic or

topical collection without diminishing the importance or value of his collection.

3. It was unanimously resolved that the collector shall be encouraged to consider philatelic values, and to include in his collection original stamp designs, essays, proofs, varieties, errors, rarities, covers, first day and first flight covers, postal stationery, maximum cards, cancellations, slogan cancels, postal markings, etc., as they may be related to his theme or topic.

4. It was unanimously resolved that identification vignettes will be accepted on album pages, provided they are discrete.

5. It was unanimously resolved that the open competition system shall be recommended for philatelic exhibitions.

6. It was unanimously resolved that thematic and topical collections shall be evaluated on the following basis:

Philately	30%
Thematic Research	40%
Completeness	15%
Presentation	15%

7. It was unanimously resolved that thematic and topical collections shall be considered as such according to their organization, purpose, and intent, regardless of whether the stamps were issued by one or by several countries.

8. It was resolved to answer the questions presented to the FIAF Thematic Commission by M. Frans de Troyer, President of the FIP Thematic Commission as follows:

Point 1 - Unanimously, that a thematic or topical collection may be constructed both by going from the idea to the stamp and by going from the stamp to the idea: and that thematic and topical collecting are forms of philatelic collecting.

Point 2 - Unanimously, that the collector remains free to exhibit one or all of the stamps from a set, as he feels may be necessary to present his idea properly.

Point 3 - Unanimously, that the inclusion of essays, proofs, errors, varieties of color, perforation, and watermarks, etc., shall be encouraged in thematic and topical collections.

Point 4 - Unanimously, that thematic and topical collections should include classic and rare stamps, where feasible.

Point 5 - By a vote of five in favor, two against, and two abstentions to recommend avoidance of the use of "blank cancels" - those cancels that are not applied over any stamp, but on a blank strip of paper.

With respect to M. de Troyers invitation that the FIAF Thematic Commission appoint a Secretary and a Member of the Board to the FIP Commission, it was resolved to propose a Vice-President (in lieu of a Secretary) and a Member of the Board. (The functions of a Secretary are executive ones and could not be performed readily between the Wes-

tern Hemisphere and Europe.) Sr. Emilio Obregon, of Mexico, was proposed as Vice-President, and Sr. Francisco Crestana, of Brazil, was proposed as Member of the Board. These persons are independent of the delegates of each country that are represented in the FIP Thematic Commission.

After being read and approved, this document was signed by all those having participation in this act, held in the City of Caracas, Venezuela, on December 1, 1970.

A. P. S. Educational Program For Evaluating New Issues

'BLACK BLOT' ASSESSMENTS - Editorial "Black Blots" are assessed against the recent postal emissions listed below, indicating one or more of the following philatelic deficiencies: (1) A limited printing or limited 'on sale' time in country or origin. (2) An excessively extended issue. (3) Unwaranted high value included. (4) No direct relationship to the issuing country. (5) Oddities intentionally included with the issue.

Neither the Jan. or Feb. issues of the American Philatelist list any "Black Blots" for sport issues. Perhaps this portends a better year for our favorite collecting area.

THE PRESIDENT'S MESSAGE

TEXENEX, the annual APS meeting, and exhibition put on by the San Antonio, Texas, Philatelic Association, will be held on August 26-29, 1971. I had a call from Travis Land, and he suggested that we have an annual meeting of SPI, and try to have a good representation of our members among the exhibitors. I have contacted Dr. Cal Nelson, the Exhibition Chairman, and I am sure that they will be glad to have us give the SPI Trophy.

I would like to hear from those of you who might be able to attend, as well as those who would be interested in exhibiting. I will see that you receive the applications. It has been several years

since we have had a meeting, and this would give those of you in the central part of the country a chance to get together. I will be there, of course, although I am not sure that is any inducement. At least it will give you a chance to make your wants and needs known to others, and you can't tell, it might do some good.

Please let me know if this would be of interest to you, so that further plans can be made.

Editorial Comment

The concluding section of the Handbook of Sports Stamps is included in this issue. A special vote of thanks goes to Ira Seebacher and Bob Bruce who collaborated on this long and sometimes tedious project. Bob is currently revising the Handbook and a decision will be forthcoming by the Board of Directors, on whether the revision will be published as a separate book or as a serialization in JSP.

The next issue of JSP will bring to you a preview to Sapporo and, the World Shooting Championships, plus our usual columns.
