## Olympic Postal Stationery

### Part I

by Irwin Bloomfield

(Editor's Note: It is with sad regret that we must report the passing of the author, Irwin Bloomfield, on Oct 24, 1972. We will publish this article posthumously in memory of our late member. A special thanks goes to William F. Brown (SPI 551) for his assistance in giving additional data for this article.)

In the September-October 1967 issue of our Journal of Sports Philately, there appeared a most enlightening and superb article entitled "The Fun's in the Chase" by Ira Seebacher. This article started me in the exploration of the many divisions of sports postal stationery-and I have had a great deal of fun and excitement ever since. My aim is to present in chronological order the postal stationery relating to the Olympics. By Olympic postal stationery we mean postcards, stamped envelopes, aerograms, precancelled stationery, letter sheets, wrappers, etc. of all countries - to which a stamp has been imprinted by the postal authority to carry the said article through the mails - immaterial whether the stamp was imprinted (1) officially by the government or (2) privately, by arrangement with the government or (3) official postal stationery with private printing thereon; and, further such imprinted stamp alone or together with its stationery has an Olympic theme or connotation.

Since this article will list the Olympic postal stationery items without illustrating all, may I refer you to Ira Seebacher's article mentioned above, and wherein many of the items are illustrated.

1. France 1924 to commemorate the XVIII Summer Olympic Games.

(A) On April 1, 1924 an official Olympic postcard was issued by France. Imprinted on the postcard is the 30c black and red-brown Olympic stamp (Scott 200) showing Milo of Crotona. The size of the card is approx. 138:92mm. The color of the card is greenish gray. Higgins & Gage #78.

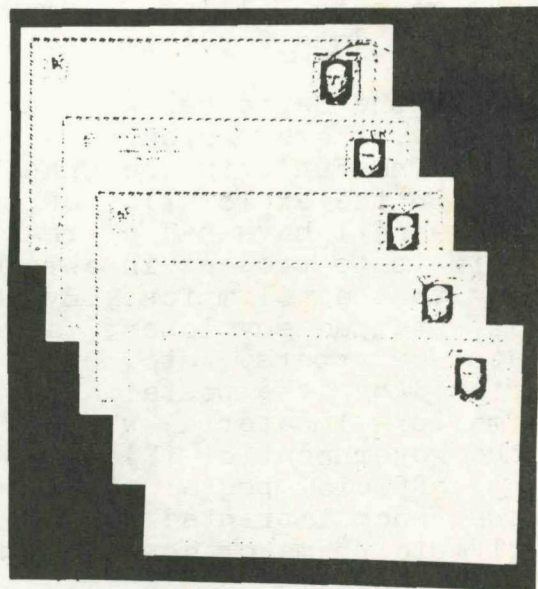

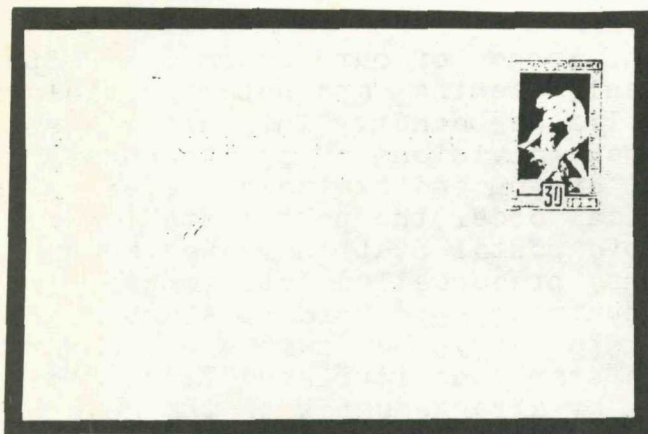

(B) At about the same time (exact date unknown) a packet of 8 commemorative postal cards were imprinted to private order and sold as a

unit. Each card has imprinted on the front (address) side the 15c gray green head of Louis Pasteur, facing left, and also printed the text "Jeux Olympiques Paris 1924" in white letters on brown-red background. However, each of the 8 cards has on the reverse side a different sport illustrated. The sports shown are: (1) racing, (2) javelin throwing, (3) rowing, (4) wrestling, (5) high jump, (6) rugby, (7) boxing, and (8) tennis. (The "Boxing" card, front and reverse, is shown on the third page of Seebacher's article.) Size of cards: 132:92mm. Higgins & Gage #K-7. It is interesting to note that altho a small size Pasteur stamp was imprinted, the space outlined on the card was evidently intended for a stamp of the size of the usual semi-postal stamps. According to Ernest Trory, the Pasteur franking is an adhesive that was released approx. two months after the Olympic Games and applied at the later date. He makes no mention of an imprint.

## 2. Czechoslovakia 1925 - the 8th Intl. Olympic Congress in Prague May 24 to June 6.

On May 10, 1925, Czechoslovakia issued 5 postcards on the occasion of the 75th birthday of President Masaryk, with imprinted 50h green, head of Thomas G. Masaryk, and the text "Mezinarodni/Kongres Olympijsky/Congres/Olympique International/Praha 1925" (on each card in a different color). Printed at the upper left of card between the crest and the scroll, the text "Mezinarodni etc" is printed in a different color on each card, namely, the five Olympic colors; blue, red, black, yellow, green. The size of each postcard is 140:90mm. Higgins & Gage #31.

## 3. Netherlands 1928 - XI Summer Olympic Games Amsterdam.

Acknowledgement is hereby given to Ernest Trory's Part IV of "A Philatelic History of the Olympic Games" and his "Olympic Review #4, Jan. 1962" article on Dutch Postal Stationery as the source for the following details: The postcards were issued between 1926 and 1928, printed and distributed by Huygens Book Co., Hague, to raise funds for the Netherlands Olympic Committee, who were determined to show the world that they were worthy hosts. Official postcards with different imprinted stamps-such as 'Numeral with flying dove' and 'Queen Wilhelmina' - were privately printed with Olympic texts to the left of the

dividing green double lines in center of card. At the right is the heading in outlined letters "BRIEDKAART" and below the address lines. (One of the cards is illustrated in the Seebacher article previously referred to.) The size of the cards is 140:90mm.

Cards were issued as follows:

(A) 1926 card with 7 $\frac{1}{2}$ c brown definitive Queen Wilhelmina imprinted stamp (1899 type). None have the serial number shown at bottom of card below text, but shown is the price as "Sien Cents" (Ten Cents).

- (1) Coat of arms with lion and text below in Dutch as follows: "When in due time guests from all over the world are cheerfully walking along the streets, the whole of the Netherlands must be able to say, I have contributed to this".
- (2) Discus thrower with same text as (1) between ornamental ribbons. Printed in black. No serial number.
- (3) Same as (2) in brown.
- (4) Discus thrower and text between 2 columns. In black.

The text of series B, C, D, and E in above (9) thru (13) has the words "Let the whole world say we were no match for the Netherland" in Dutch between 2 columns below the discus thrower.

(C) 1928 April postcards imprinted with 3c green numeral in flying dove (1924 type). Selling price: 10 cents. Executed, as (A4) and (A5) with sport vignettes between the columns, in black.

- (1) Series F.1. Football (Voetball)
- (2) Series F.2. Cycling (Wielrennen)
- (3) Series F.3. Boxing (Boksen)
- (4) Series F.4. Swimming (Zwemmen)
- (5) As (1) (football) but serial number and price omitted. Blank rectangle instead. 2 $\frac{1}{2}$  cents below discus thrower.
- (6) As (4) (swimming) but serial number and price omitted. Rectangle with 3 lines of text, including reference to "De ReGentes".

All these cards were issued by Huygens Boekhandel at the Hague and sold at various bookshops. They were not on sale at the post office. Most of the cards also exist in black without the imprinted stamp, and the word "Priefmodel" below "Briefkaart". These cards were sold for 10 cents, and all the proceeds were donated to the Netherlands Olympic Committee.

Trachtenberg, Henri, Sport/Olympiques & Scoutisme/Catalogue/1973-74  
(Catalogue of Sport, Olympic, and Scouting--1973-74). Paris: Author, 1972, 107 pp., \$2.50 (plus 85¢ for airmail shipment).

The review copy of the fifth (at least) edition of Trachtenberg's catalogue has just arrived. Retaining the same size (5½" x 8¼") and format, the new edition is bigger (107 pages) and better (three styles of print for contrast) than ever before. Printed on glossy paper, it is easy to read and makes a superb reference for the sports collector. Unfortunately, the binding on my copy leaves something to be desired. but this will be very little handicap in its use.

The catalogue includes Olympic Games, sports in general, scouting, and youth organizations; it is divided into four sections:

1. Olympic Games (1896-1964)(by Olympiad, then by country)--year, country, Yvert catalogue number, and price in French francs
2. Olympic Games (1968)(by country)--as for No. 1 above
3. Olympic Games (1972)(by country)--as for No. 1 above
4. All sports (including Olympic Games), scouting, and youth organizations (chronologically by country)--year, Trachtenberg check-list number, Yvert catalogue number, description, quantity issued, and price in French francs.

Imperforate stamps and miniature sheets are listed for many countries, especially for France, former French colonies remaining under French influence, and many non-Scott-listed issues.

The strength of this catalogue is its coverage of imperforate issues and miniature sheets, but particularly its listing of quantities printed. One must be a little cautious in interpreting the press-run statistics; the statement for a set may well represent the quantities for the high values, but not necessarily for the more commonly used denominations.

Although the catalogue is written in French and Yvert and Tellier catalogue numbers are used throughout, neither offers a severe handicap. With assistance from an inexpensive French-English dictionary, a little practice will enable one to follow the pattern. Yvert numbers offer yet another frame of reference for our many sports stamps, especially for those who correspond with sports collectors where Yvert and Tellier is THE catalogue.

The compiler, Henri Trachtenberg, can be reached, for correspondence or for purchase of the catalogue, at B. P. 49/94200 Ivry, Paris, France. He will be happy to hear from you.

# THE MORA VASALOPPET

by Dorothy W. Gulick

Last spring, on the traditional first Sunday in March, the 49th Vasa Ski Race was held in Sweden. By far the best known cross country race in the world, the Vasa run is 85.25 kilometers or over 53 miles. Starting at 7:45 in the morning, the winner last year finished in 5 hrs., 40 mins. and 23 secs., and the last runner came in 13 hours after the start. The oldest skier was a 76 year old Italian.

The race has an interesting history. In the early sixteenth century, Sweden was under the rule of Denmark. Gustaf Eriksson, a young Swedish nobleman who had fought the Danes and been imprisoned for it, escaped and made his way to Dalecarlia in the heart of Sweden. In Mora on the shore of Lake Siljan, he tried to arouse the peasants to march against the Danes, but was unsuccessful. He decided to leave Sweden, cross the border on skis, and take refuge in Norway.

Meanwhile the Dalecarlians changed their minds and decided to join him to fight Denmark. They sent their two best and fastest skiers, Engelbrekt from Morkalby and Lars from Kattilbo after him. The men chased him for over 50 miles, following his tracks, and overtook him at Salen, close to the Norwegian border. Gustaf returned with them and leading a Dalecarlian army joined by peasants from other provinces, he liberated Sweden. He became king, under the name of Gustavus Vasa (Gustavus I), and laid the foundation for Sweden as it is today. The Vasas ruled Sweden for 295 years after that.

Each year, Gustaf's flight from Mora to Salen and his pursuit by the two Dalecarlians is commemorated by the Vasaloppet. The course follows as closely as possible the tracks of Gustaf Eriksson Vasa. However it was found more practical to reverse the route, having the start in Salen and the finish in Mora, as Mora has enough hotels and accomodations for the thousands of spectators and skiers.

The first Vasaloppet was in 1922. Ernst Alm was the winner with a time of 7 hours, 32 minutes and 49 seconds. In 1953 Nils Karlsson cut the time to five hours, 1 minute and 55 seconds. He won the Vasaloppet at least nine times. However, winning is not the only goal. Just to finish the 54 miles is considered a glorious feat. In 1962 Life Magazine said that 2,061 started and 1,997 finished. Last year there were 8,500 entries and in 1970 there were 9,300 - a record.

Photographs of the race with its thousands of entries all starting at once look like pictures of ants over spilled sugar. (Fig. 1)

Gustavus Vasa was honored by three stamps issued by Sweden in 1921 to commemorate the fourth centenary of the delivery of Sweden from the Danes. (Scott #194-96 - Fig. 2). Then in 1936 a seal was issued. It pictures a modern skier in the foreground and an antique skier, probably Gustaf, behind him. (Fig. 3). The antique skier uses one ski pole, which was customary in those days, and the skier simply straddled the pole to slow it down and rode it to a stop.

In 1960 the seal was changed and shows a more modern skier coming in after the race. Gustaf is merely watching the race and his hat has gone (Fig. 4). In 1965 the seal changed again to a skier inside the

victory wreath. (Fig.5 ). Gustaf appears to be in the far background, but my seal is not clear enough for me to be sure. In 1968 Vasa is again cheering the modern skier on.

VASALÖPPET

(Fig. 5)

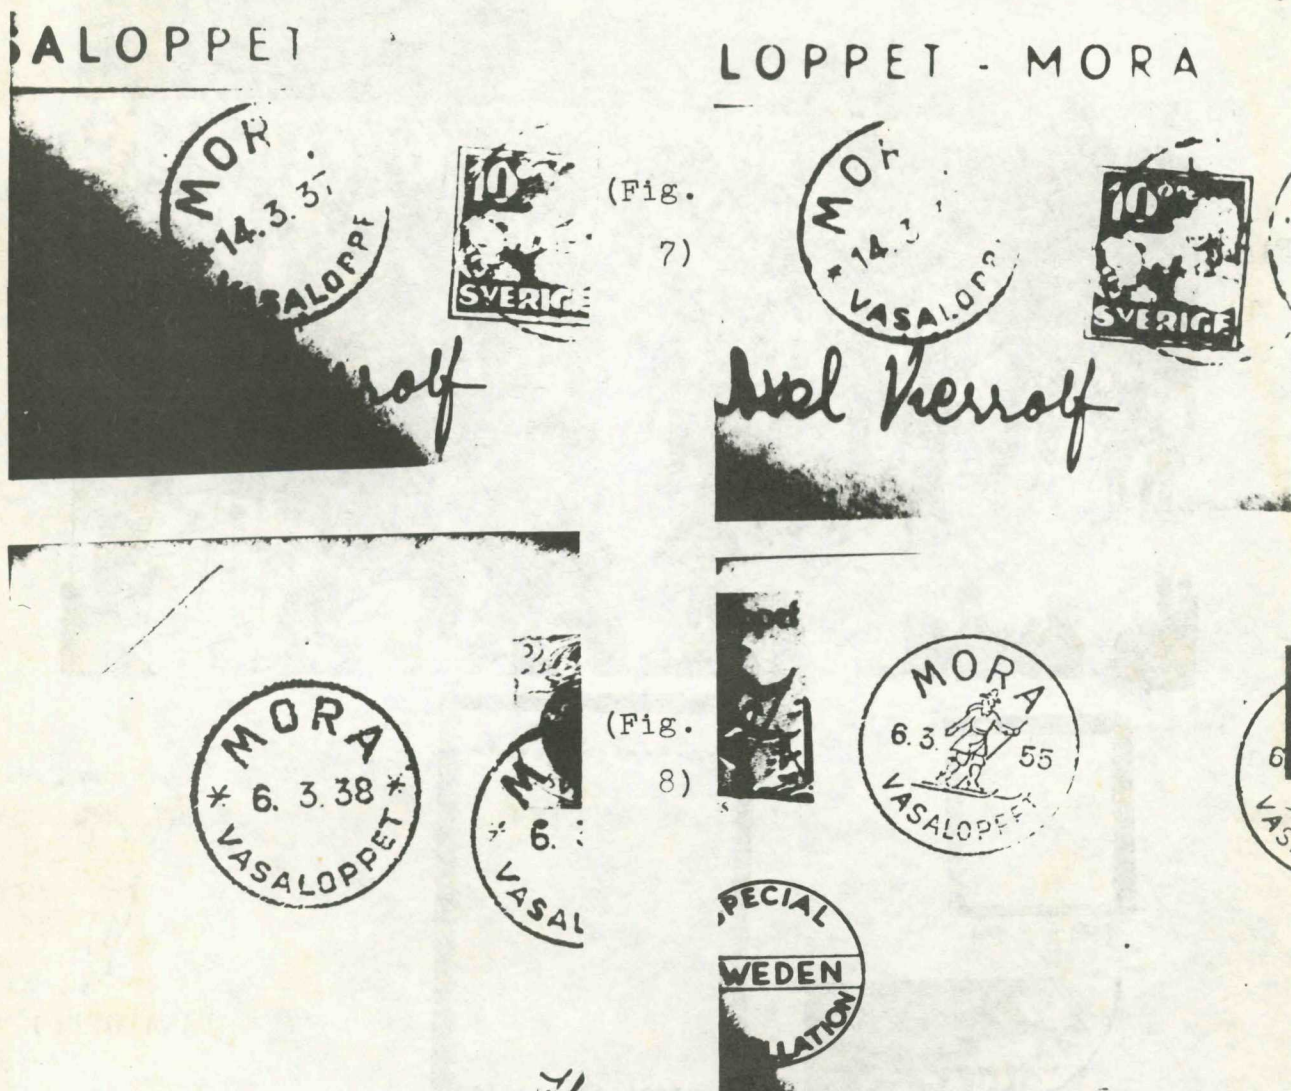

(Fig. 6)

He is in the same position he was in on the original seal and on the second cancel. (Fig. 6)

The first official cancellation was used in 1937, a year after the first seal. It has the town name, Mora, at the top, and Vasaloppet at the bottom. They are separated by a star on each side. The date goes across the middle (Fig. 7). In March, 1955, the cancellation was changed. It pictures the shadowy figure of Gustaf, previously used on the seal. There are no stars, but the position of the town name, the date and Vasaloppet remain about the same. (Fig. 8).

This is dedication--it is New Years Eve and only fear of John LaPorta's wrath would get me to type tonight.

## THE PRESIDENT'S MESSAGE

There has been a good bit of press coverage of a California Stamp Exhibition called SUNTRAPEX. It is sponsored by the Scouts on Stamps Society International. In October they awarded the SPI Certificate to Charles Wright, of Pittsburg, PA.

In 1973 they intend to open the show to one other class of exhibit, Sports and Olympics, and have asked that SPI act as co-sponsors. After discussing the possibility with our So. California members, who will do the labor, I have agreed to do so. NOW-how many of you are going to make us look good and send in an exhibit. If you will drop me a card-P.O. Box 5025, Oxnard, CA 93030, I will see that you are sent a prospectus when they are ready.

This is the place for those of you who hesitate to exhibit in National competition, as it will be judged for interest to the public and not by stringent international rules. Come on now, don't leave me with egg on my face.

I won't be competing, as I will act as one of the Judges, along with Helen Long and Hal Wasserman. I am depending on you so, to quote somebody or other, "Keep those cards coming".

## EDITORIAL COMMENT

In this issue you will find the 1st section of our 1973 auction. The next section(s) will be composed exclusively of sport covers. There will be over 1,000 lots in this section. The Board of Directors have decided to hold an open auction so non-members will be bidding for the first time. Send your bids in to Olech as soon as possible!

Another major project has been under taken by Bob Bruce. The 1st section of "A Simplified Check-List of Competitive Sports on Stamps" is published in this issue. Subsequent sections will appear in each issue.

K-Line Pub. has notified us that a supplement to the sports stamps, soccer (starting with 1970 issues) and part 1 of the 1972 Olympic Games will be ready by the time you read this. There will be three parts to the Oly. pages. Write to K-Line if you want to have the non-member countries printed on pages.

# A Simplified Check-List of Competitive Sports on Stamps

- Bob Bruce -

This serial presentation will consist of a check-list of adult competitive sports on stamps and sheets. The definitions, and thus the inclusions and exclusions, are those of the compiler alone. Knowing the controversy which can easily arise; he quarrels with, or apologizes to, none of his fellow sports collectors. This check-list presents only one individual's idea of a complete sports collection; others are perfectly free to pattern their own collections as they may wish.

Two basic definitions apply:

1. Adult--typically participated in by physically mature individuals beyond the age of approximately thirteen or fourteen
2. Competitive sports--physically demanding, vigorous sports whose major goal is competition (generally modern in chronology)

The check-list is governed by the following major criteria:

1. It deals only with stamps, including errors, and miniature and souvenir sheets. It does not include essays, proofs, covers, cancellations, seals, labels, and maximum cards.
2. It includes all stamps and sheets which portray sports even though they may not be part of a specially-issued sports set (e.g., Guatemala C191).
3. It includes all components of a specially-issued sports set even though some individual items in the set do not depict sports (e.g., Colombia 433).
4. It includes all components of a specially-issued sports set even though a given design may be common to several members (e.g., Costa Rica 201-08).
5. It includes all sports stamps and sheets overprinted for any purpose, including use in a country other than the country of issue (e.g., Italy 574-76 overprinted as Trieste--Zone A 115-17).
6. It includes a few overprinted stamps and sheets whose initial subject matter and/or reason for issue have nothing to do with sports, but whose overprints qualify them for inclusion (e.g., Poland 344 overprinted as Poland B54).
7. The cut-off date for inclusion is the end of December, 1972. Since some major catalogues permit lags in description of as great as three or four years, there will be major omissions in data for emissions of the past few years.

Careful application of these principles produces an important series of delimitations. Not included are stamps and sheets depicting:

1. Activities of Boy Scouts, Girl Scouts, and other similar youth organizations and sets issued in their honor. If individual stamps or sheets portray a competitive sports activity, normally engaged in principally by adults, they are included.
2. Children's play activities and sets issued in behalf of child welfare. Again, if individual stamps or sheets portray juvenile use of a predominantly adult competitive sport, they are included.
3. Active recreation, including boating (for pleasure), camping, cycling, fishing, folk dancing, hunting, mountain climbing, swimming, etc.
4. Inactive recreation, including bridge, chess, stamp collecting, etc.
5. Native archery, boating, fishing, and hunting
6. Aviation activities, except for gliding and parachuting. At the present time these two are generally accepted as competitive activities of universal appeal and broad geographical spread.

The compiler acknowledges the numerous errors and omissions which may exist in the check-list and accepts full responsibility for them. In reality, this check-list is a revision of his own Check-list of Sports and Recreation, originally prepared for the Moribund Sports Unit of the American Topical Association and published serially in Topical Time and as ATA Handbook #35, with yearly supplements published in the Journal of Sports Philately and reprinted in Topical Time.

A number of other sources and helpers deserve credit. President Barbara T. Williams' (di Violini) Sports and Recreation Check-list, privately published with annual supplements in the Journal of Sports Philately, has provided an interesting check on completeness. Ira Seebacher's Handbook of Sports Stamps, published serially in SportStampS and the Journal of Sports Philately, has provided great assistance. Hal Wasserman (SPI 183) and Jim Yarwood (SPI 213) have been diligent in identifying errors and omissions; their contributions will be particularly helpful in the new Handbook of Adult Competitive Sports on

Where no catalogue entry has appeared and none is expected, a broken line (---) has been used. Where no catalogue entry has appeared, but one can be reasonably expected in the future, a blank has been left in the copy.
