Hockey on Stamps

by W.A. Malherbe

Continued from the last issue---

11. 1963 Fiji (Scott 201) First South Pacific Games - Hockey, 1 Shilling, brown, green and black.

The first South Pacific Games were held at Suva in 1963. Hockey enjoys considerable popularity in Fiji and the models for the stamp are identified as two well-known players, Adhavji Bhai and M. M. Maharaj.

12. 1964 Albania (Scott 759) Olympic Games Tokyo 1964 Hockey and Pentathlon. 6L ultramarine, light blue and orange.

In a surprise appearance in 1964 hockey shared a stamp with the pentathlon on one of Albania's Olympic Games series. Whether hockey has ever been seriously practiced in Albania is not known and, as for the stamp itself - well, any publicity is said to be good publicity!

13. 1966 India (Scott 443) 5th Asian Games - Hockey Champions 15p blue.

It is indeed surprising that India waited until 1966 before issuing a hockey stamp for, although she has lost ground of late, India is the acknowledged center of the hockey world. India's decline started with partition in 1947 but the strength of the game on the Indo-Pak sub-continent is borne out by the fact that any contest for the world hockey crown invariably devolves into a confrontation between India and Pakistan. The game was introduced to British India by the Imperial units at the turn of the century, with notable contributions from the Irish contingents, and by the middle twenties Indian players amazing aptitude for the game was already a byword in sporting circles. India entered the Olympic Games hockey competition at Amsterdam in 1928, swept all before her and repeated the performance in 1932, 1936, 1948, 1952 and 1956. At Melbourne in 1956 Pakistan challenged strongly, losing by the only goal of the match and in 1960 the roles were reversed.

In 1964 India again won by the only goal, a pentalty goal at that, but in 1968 the gold medal went to Pakistan, Australia claiming the silver medal and India had to be content with the bronze medal.

In the meantime

In the meantime the Asian Games had been called into being and hockey was first introduced in the third games in Tokyo, 1958. India and Pakistan drew no score in the final and there was a near-riot when the latter were declared the winners on goal average, there having been no prior declaration that such a decision could be reached. The debacle of the fourth Games in Djakarta saw Pakistan again triumphant by 2 - 0 against an Indian team reduced to 10 men in the first ten minutes but in 1966 in Bangkok India gained revenge over Pakistan by scoring the only goal of the final in extra time. This victory, following on the winning of the Olympic gold medal in Tokyo in 1964, led to the issue of this attractive blue stamp which is marred only by the unfortunate juxtaposition of the sticks of the two players in the foreground and that bugbear of draughtsmen, the obviously oversize ball!

14. 1967 Mexico (Scott 983) Mexico'68 - Hockey 50¢ green and black.

A striking green stamp with black figures in silhouette was but one aspect of the amazing publicity that heralded the Mexico City Olympic Games. When the stamp appeared in 1967 the Mexicans were hard at work whipping into shape a team to participate in the hockey competition and, under the guidance of former Indian Olympian Rex Norris, they came to perform creditably.

15. 1968 Monaco (Scott C74) XIX Olympiade Mexico 1968 - Hockey 3.00F Air Mail green and indigo.

It is almost a pity that Monaco included hockey in its Mexico Olympic Games series for this is an extremely poor stamp. The muscle-bound athlete of aggressive countenance would doubtless have difficulty in controlling the bouncing ball on the sparsely and unevenly grassed field with his miserably undersized stick but he would have a better chance if he used both hands! And as for the goalkeeper in the background inviting all and sundry to place the ball between his pads! But of course no international umpire would have permitted the game to commence until the hopelessly disproportionate goals had been replaced.

16. 1968 Rwanda (Scott 254) Mexico'68 - Hockey 12F green, black, blue and plum. Part of a souvenir sheet containing 6 stamps.

Rwanda, like Monaco, is not renowned for any hockey-playing prowess but unlike the latter country, when removing hard cash from the poc-

kets of the sports philatelist it at least offers in return an acceptable portrayal of the game.

17. 1969 Pakistan (Scott 267) Hockey Champions - Mexico Olympics
1968 15 Paisa green, black, blue and gold.

18. 1969 Pakistan (Scott 268) Hockey Champions - Mexico Olympics
1968 1 Rupee green, black, pink and gold.

Pakistan's success in the 1968 Olympic Hockey tournament was clearcut and well deserved although they had grinding battles, in the semi-final against West Germany (W 1-0) and the final against Australia (W 2-1). It was the first time since Melbourne that the final was not a contest between India and Pakistan. That Pakistan should honor this victory by issuing two identical stamps--differing only in background color and denomination is not surprising.

19. 1969 West Germany (Scott B447) Hockey - Munich 1972 20 pf + 10 pf green.

With Munich the venue for the 1972 Olympic Games and West Germany the strongest and oldest established European hockey-playing nation the appearance in 1969 of an attractive symbolic hockey stamp in two shades of green and white was not unexpected.

20. 1970 Belgium European Cup - Brussels 1970 9F + 4F green, brown, and red.

Brussels, venue of the first European Hockey Cup competition in Sept. 1970, long the headquarters of the Federation Internationale de Hockey is the home of M. Rene Frank the moving spirit in the world body as well as in his own country.

Hockey was introduced to Belgium in 1900 by Mr. Pitcairn Knowles and a group of Englishmen and at first the game was played under Dutch rules. The game is centered around Brussels, Antwerp and Ghent. Regular competition with their European neighbors Holland and Germany ensures a high standard of play and especially the men have an enviable international record.

21. 1970 Republic of Korea - 51st National Athletic Meet. Oct. 1, 1970. 10 Won yellow, green and blue.

It is not generally realized that hockey is played in Korea and the historical background of the game there is not clear. While matches against near neighbors Japan and Hong Kong are not infrequent, Korea participates regularly in Eastern tournaments and can boast extending the world's hockey giants, India, on two occasions in the Asian Games. In 1958 (Toyko) Korea lost 1-2 and in 1966 (Bangkok) 0-1 to India, remarkable results in an otherwise not too distinguished international record.

22. 1971 New Zealand - Hockey Health Stamps.

New Zealand issued two hockey stamps on August 4, 1971 in the values of 3+1¢, girls playing hockey and 4+1¢ boys playing hockey. This was one of the yearly series of children's health stamps which usually depict sports.

23. 1971 Pakistan - Hockey Championships. 20 Paisa multicolored.

Pakistan issued on December 31, 1971 a single stamp to mark their winning the World Hockey Championships. The design incorporates the emblem of the Pakistan Hockey Federation and the wording "World Hockey Champions/(Barcelona)-1971" in the left-hand portion of the stamp, and the World Hockey Cup in the remaining portion.

24. 1972 India - Hockey - 20th Olympic Games.

The 20p stamp depicts a hockey player in action and the 1.45p shows a stylized verison of a hockey player in the right-hand side.

+++++ A CHANCE TO HELP +++++

I am trying to revive SPI's translation service. By the time these lines appear in JSP I will have invited many of you to serve. However, there is no way in which I can know of every member who can handle simple translation in one or more foreign languages.

Most of you have no need for translation assistance, but now and then it is important for someone. Recently I have relied on a non-member for several bits of aid with Russian cachets and cancellations; it would have been simpler to ask help of a SPI member.

Really, I don't know whether there will be much or little assistance requested, but I would guess the latter. The editor could use a translator for Polish cancellations, which is quite lengthy.

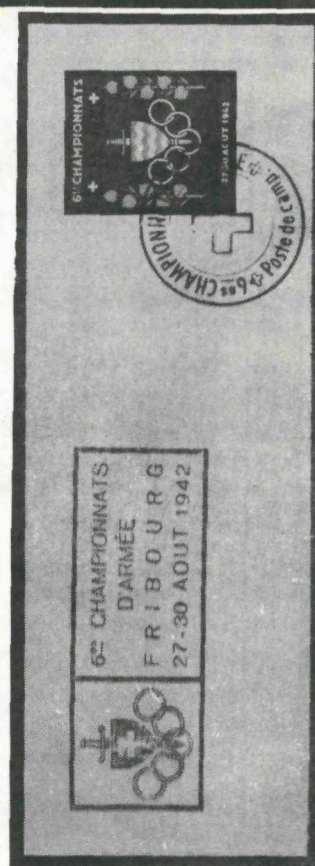

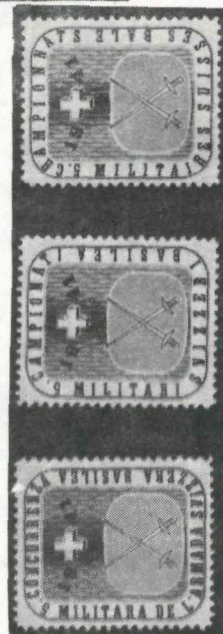

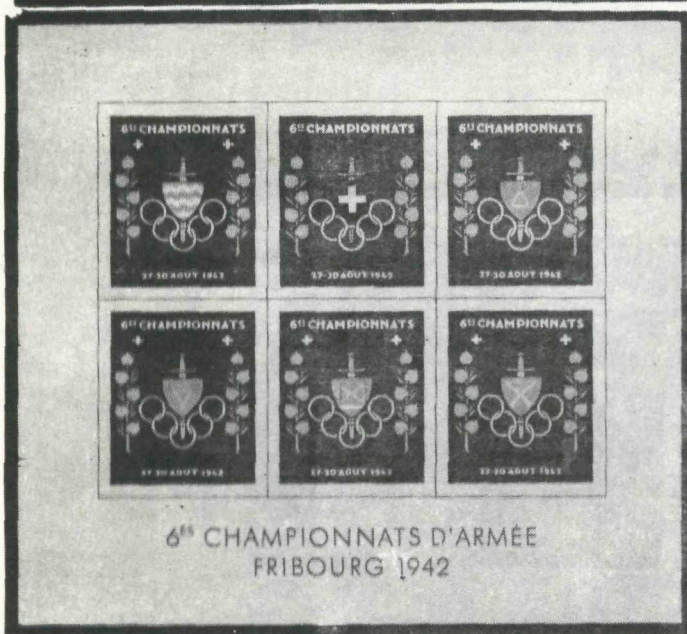

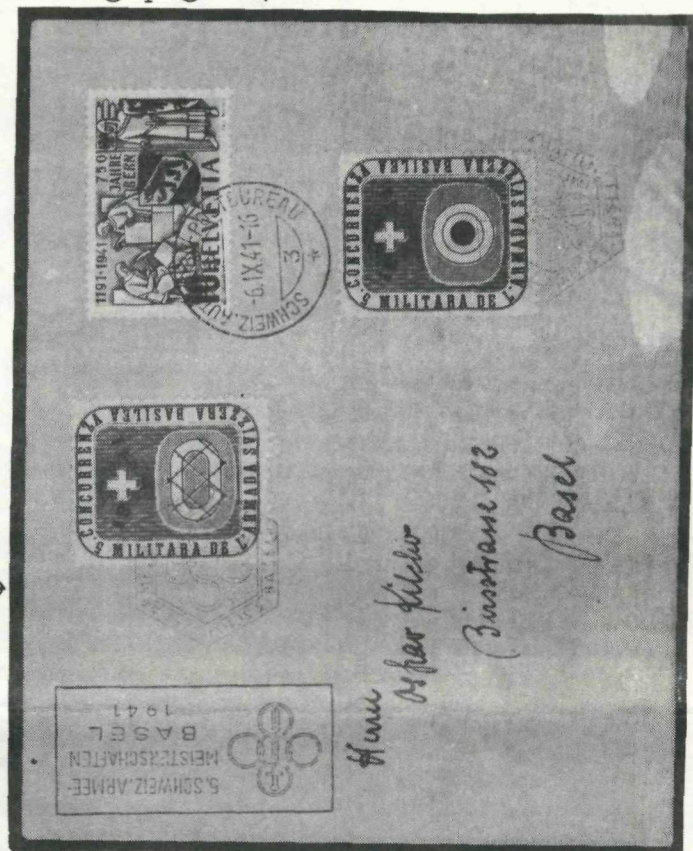

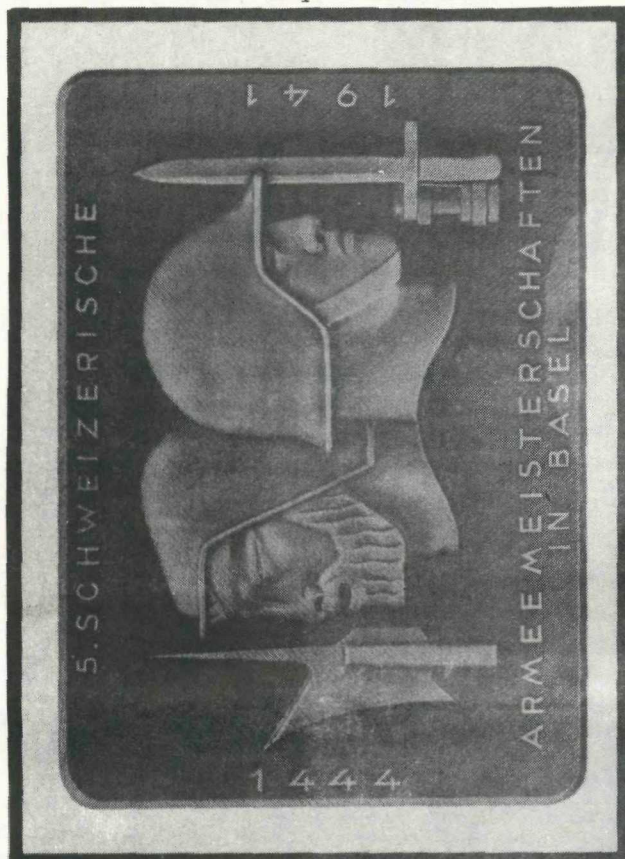

If you have skill and have not heard from me, please volunteer your services. My home address (Robert M. Bruce, 1457 Cleveland Road, Wooster, Ohio 44691) is best.

LET'S POOL OUR OLYMPIC AND SPORTS KNOWLEDGE

Edited by Edward B. Epstein

Sports and Olympic philatelists have, collectively, a great deal of knowledge which, when pooled, can be of mutual benefit. Questions concerning sports and Olympic philately will be assigned a number and published in JSP. Responses to questions will be printed in subsequent issues. Address all questions and answers to your editor; Edward B. Epstein, Paterson Board of Education, 33 Church St., Paterson, NJ 07505. Please cite your source of information.

Q-1. Were funds collected from the emission of the Greek 1896 Olympic issued used for the 1896 Olympic Games:

A-1. The Official Report of the 1896 Greek Organizing Committee written by Timoleon Philemps, mentions the intent of the first Olympic stamp issue: "Although the committee had not the necessary funds in hand for the erection of two constructions, the rifle range and the cycle track, placed its expentations on the revenue that would be forthcomming from the sale of tickets of the seats of the games, the sale of commemorative medallions and the assurance through the passage of two laws that the sum of 40,000 drachmas would be available from the receipts of the commemorative (postage) stamps."

Q-2. Were any Olympic stamps issued for the 1940 Helsinki Games that were postponed due to World War II?

A-2. Carl-Olof Enhagen's book "sports Stamps" reports, "The Finns who,

at short notice, had made excellent preparations for the games at Helsinki in 1940, had not forgotten the philatelist. An Olympic stamp was printed but never issued. A photograph of the American Discus thrower and Olympic champion of 1936, Carpenter, inspired the 1940 stamp." It is assumed that the issue was destroyed.

- Q-3. It is believed that the first Olympic Village was instituted for the 1932 Los Angeles Games. However, Ernest Trory's "Philatelic History of the Olympic Games" pictures a handstamp which reads "Columbes Village Olympique". Information wanted about this village handstamp of the 1924 Paris Games.
- Q-4. The Italian June 23, 1959 issue pictures five values depicting Roman remains connected with the 1960 Olympic Games. The 35L value shows the Ruins of the Thermae of Caracalla (venue for the gymnastic events) the 60L pictures Constantine's Triumphal Arch (finish of the Marathon), and the 110L illustrates the Basilica Constantine (site of the wrestling events). What events were held in connection with the Obelisk of Quirinal & Statue of the Horse Tamer (15L) and the Tower of the Senator's Palace (25L)?
- Q-5. The Iranian Olympic issue of June 9, 1960 features the traditional sports of polo and archery. What is pictured in the background of these two stamps?
- Q-6. I have a cover, unaddressed, franked with a common Brazilian stamp which has no sports connotations. Its stamped cachet (two imprints) reads: "Fifth (or Fifteenth or Fiftieth) Centenary of the C.B.D/8-17 June, 1964/Sao Paulo-S.P." It also displays a shield-like emblem and a soccer or basketball (in 1964 part of the world still used the old international basketball with sections and seams like the then-soccer ball). The question is, what does the "C.B.D." mean?

A.P.S. EDUCATIONAL PROGRAM for Evaluating New Issues

'BLACK BLOT' ASSESSMENTS — Editorial "Black Blots" are assessed against the recent postal emissions listed below, indicating one or more of the following philatelic deficiencies: (1) A limited printing or limited 'on sale' time in country of origin. (2) An excessively extended issue. (3) unwarranted high value(s) included. (4) No direct relationship to the issuing country. (5) Oddities intentionally included with the issue.

From the September issue of the American Philatelist:

Burundi: Imperf souvenir sheet for the World Soccer Championships.

Ghana: Souvenir sheet released with regularly perforated set for the 1974 World Soccer Championships.

Uruguay: The first editorial "Black Blots" are assessed against Uruguay for the recent release of a miniature sheet, value of 1,000 pesos noting "Uruguay: Lands of Tourism". The sheet contains a perf stamp depicting a girl in a bikini, emblems of airlines and symbols of the World Soccer Championships. It is reported 50,000 sheets were printed and 90% sold to a European dealer.

From the October issue of the American Philatelist:

None.

From the November issue of the American Philatelist:

Antigua: The souvenir sheet repeated from the World Soccer Championships from Munich. Values of 5¢, 35¢, 75¢ and \$1 plus two labels.

Grenadines of Grenada: All stamps issued by the Grenada Post Office bearing the designation "Grenadines of Grenada" draw automatic "Black Blots" as unnecessary issues.

Togo: A souvenir sheet of 50f and 90f values overprinted for West Germany's victory in the World Soccer Cup Championships in Munich.

From the December issue of the American Philatelist:

None.

EDITORIAL COMMENT----

For the umpteenth time, we will make another attempt to have a viable question and answer column.

Edward B. Epstein (SPI 812) has volunteered to conduct the column. Ed is asking all members to send their questions and answers directly to him.

Surely there are enough members in SPI who are willing to share their valuable knowledge with the rest of us. An initial column is to be found elsewhere in this issue. Please send in your questions and answers to Ed today! The success (or failure!) of this column is up to each and every member of SPI.

Who has cached covers for the 1936 Olympics? Bill Brown would like to hear about it. Send him a photocopy. A great deal of information is at hand on the 1932 Olympic precancels. We need someone to organize and classify the information in article form. Please contact me on this.

We are still looking for topic leaders for the following categories in the 1932 Olympics: non-ship cancellations; essays, proofs and rejected designs; details on accepted designs; first day ceremonies; Olympic Village postmarks (why are there two types?); autographed covers. Do we have any members who recall some of the philatelic details of the 1932 Olympics? Can anyone contribute an eye witness account? Who has picture postcards of the 1932 Olympics? Let's put together the full stoy. Contact me.
