## THE ASIAN TABLE TENNIS CHAMPIONSHIPS

by Noboru Hirasawa

The Asian Table Tennis Union is an organization established in May 1972 by the table tennis associations of 16 countries and regions. These organizations responded to the communique issued in March 1972 at Peking by the representatives of table tennis associations of China, Democratic People's Republic of Korea, and Japan appealing the organizations of a new table tennis organ truly representing Asian countries. At its outset, the Asian Table Tennis Union issued a communique that sought to promote friendship among the people and table tennis players in Asian countries and Asian regions based on the principle of indiscriminate equality, mutual respect, and democratic consultation, develop friendly ties between the table tennis associations and players in Asia and those in other continents; and encourage popularization and progressive advancement of table tennis plays.

The birth of the Asian Table Tennis Union is an epoch-making-event and was applauded by various sectors as a new phenomenon in the international athletic associations. It secured a wide range of approval and support from various countries and people in Asia and opened the first Asian Table Tennis Championship tournament in Peking during the period 2-16 September, 1972. The representatives of 31 countries participated. It was a large scale championship tournament unprecedented in the history of table tennis in Asia. It contributed to the popularization and promotion of table tennis in Asia, and further strengthening of friendly ties among the people and table tennis players in Asian countries.

A commemorative postmark was in use during the event. (Fig. 1). There was one commemorative postmark and four stamps issued for this event. The commemorative postmark was used as the first day cancellation on 9.2-1972 in China.

"Table tennis helps Asia unite" was the slogan for the Second Asian Table Tennis Championships, which were held in Yokohama from April 2 to April 15, 1974. And this is the record of friendship born and grown between the citizens of Yokohama and the people from 30 countries who have participated in this sport event.

#### LETS POOL OUR OLYMPIC AND SPORTS KNOWLEDGE

Edited by Edward B. Epstein

Sports and Olympic philatelists have, collectively, a great deal of knowledge which, when pooled, can be of mutual benefit. Questions concerning sports and Olympic philately will be assigned a number and published in JSP. Responses to questions will be printed in subsequent issues. Address all questions and answers to your editor; Edward B. Epstein, Paterson Board of Education, 33 Church St., Paterson, NJ 07505. Please cite your source of information.

A-6 Your stamped cachet "C.B.D."/8-17 June, '64 was a special cancel used in Sao Paulo (also used in Rio de Janeiro) commemorating the centenary of soccer in Brazil. It shows the emblem of the Brazilian Soccer (football) Federation. The letters "C.B.D." stand for Confederacion Brazil Deportivo. An illustration of the cancel may be found in Number 4, Vol. 10 of JSP/March-April 1972.

publicizing the 1952 Winter Olympic Games in Oslo. The handstamp reads "Holmenkollbakken/Oct 1, 1952". I have tried to find the town of Holmenkollbakken in the atlas, but cannot. The closest I have come is Holmenkollen. Can you explain it?

A-7 The Norwegian Tourist Office of New York explains that Holmenkollen is the area where the skiing events took place during the 1952 Winter Olympic Games. The word "bakken" means ski jump in Norwegian. The first day cover you have was posted first day of issue from a post office underneath the ski jump at Holmenkollen. Beneath the photographic cachet of your cover are the words "Holmenkollbakken/Foreningen til Ski-Idrettens Fremme, Oslo". The cover was issued by The Association for Ski Sports, Oslo.

Q-8 A cancel was used by Austria for the 1936 Berlin Games which reads "Kauft Olympia-Lose" which I interpret to mean "Buy Olympic Lottery". Judith Holmes, in her book "Olympiad-1936", mentions the fact that one of the means of financing the Berlin 1936 Games was by a lottery. Were the Austrians, by this cancel urging Austrians to subscribe to this German lottery or did they have an Austrian lottery of their own?

Q-9 What country issued the first Olympic stamp to picture a female athlete on it?

Q-10 Turkey issued a se-tenant set July 20, 1967 picturing Pierre de Coubertin on one stamp and Selim Sirri Tarcan on the other stamp. Who was Selim Sirri Tarcan and what was his relationship to the Olympic movement.

++++++SUNTRAPEX '75 - Barb de Violini+++++

SUNTRAPEX will be held November 15-16 this year. Now is the time for all of you to give some thought to entering and let me know. This year, because of the lack of interest by the Sports and Olympic collectors, the show will be an All Topical and Thematic exhibit. It will show all types of material instead of just Scouts and our field.

Please drop me a line, if you would like to give some thought to exhibiting and I will see that a prospectus is sent to you when they are printed. When you fill out your prospectus you will be asked if your exhibit is Topical or Thematic. The difference is this: if the exhibit falls into the \_\_\_\_\_ on stamps, i.e., dogs, Red Cross, Boy Scouts, etc., it is Topical. If you are telling a story or showing the history of something: The History of Soccer in the Olympic Games it should be in the Thematic division. If you make a mistake, the Judges will reclassify it mentally for your benefit.

We have two exhibits scheduled in 1976 where the SPI Trophy will be awarded. One in Rockford, Ill. where there will be a Sports and Olympic section and in Toronto, International Sports, devoted entirely to Sports and Olympics. PLEASE LET ME HERE FROM YOU ON ALL THESE EXHIBITS and a prospectus will be sent to you when they are printed.

RESEARCH STUDY GROUP PROGRESS REPORT ----- Sherwin Podolsky

John Torney, P.O. Box 417, Los Alamitos, CA 90720 would like to hear from collectors of Olympic "hardware" such as medals, pins, badges, porcelainware, flags and similar Olympic memorabilia. Maybe John can start a study group project on this. Write him direct.

Due to the enormous amount of material that is available for the 1932 Olympic Games to be published, the Board of Directors have decided that it is not feasible to publish this in JSP.

The Board of Directors have decided instead to publish a separate handbook covering all the material that is being researched by the study groups.

Current plans are for the handbook to be published in looseleaf format, size 5 $\frac{1}{2}$  x 8 1/2 so that additional pages may be added later. K-Line Pub. is checking into selling three ring binders, (7 x 9) with gold stamping at a reasonable price to SPI members. Additional details to follow.

SPORTS COLLECTION SOLD AT AUCTION--by Joe Schirmer, Assoc. Editor.

Recently, the international auction house of H.R. Harmer of NYC sold at a speed auction the sports collection formed by the late Judge Levi M. Hall of Minn. Mounted in 25 albums along with thousands of sports covers, this fine collection realized \$4500 at auction. Judge Levi apparently liked baseball, this being evident in the many covers with a baseball theme. While there were no great rareties in this collection, it did contain the majority of the sports and Olympic items. Your editor, who is employed by H.R. Harmer, had the chance to look thru this collection and enjoy its many covers.

Sol Salkind, 3306 Rochambeau Ave., Bronx, NY 10467 has several sets of the Rome Olympic covers for sale. Each set consists of 100 different unaddressed covers featuring men and women athletes in all types of sports with various cancels from the different sites in Rome. The cost is \$19.75 postpaid.

The Austrian Administration of Posts and Telegraphs chose a hurdler to be the subject of the recent 2s value of the series of special postage stamps with sports motifs released Oct. 28, 1970. In view of the fact that Austria's women athletes distinguished themselves through brilliant performances in national and international events during recent years, such a choice seems quite logical. Liese Prokopp, the Austrian winner of the 1968 Olympic pentathlon and many of her fellow-athletes will certainly consider this new commemorative stamp as a sign of honor and appreciation of their exploits.

Hurdling in its present form is a comparatively young activity in the field of athletics. It developed out of the so-called fencing - a sort of steeplechasing - that had been practiced in Germany in the 16th and 17th centuries. The barriers in those days were crude sheep hurdles rigidly staked in the ground.

The history of sports indicates that steeplechasing events were organized in Spain, France and England at the beginning of the 19th century, and out of these steeple-chase races where the competitive distances had been short, the present form of hurdling developed. During the second half of the 19th century races were already organized in England, in which standard hurdle heights and standardized distances were used.

The strange metric and centimetric indications for the start, the distances between the hurdles and the hurdle height used in modern hurdling make it clear that hurdling started in England, as they are the equivalent and metric version of the English Measure (foot and yard).

The rules of the "International Amateur Athletic Federation (IAAF) govern the standardized distances for international events. As far as men's events are concerned, the hurdling competition is conducted at 110 meters, 200 meters, 400 meters and 3,000 meters steeplechasing, whereas the hurdling distances in women's events are 80 meters (rarely), 100 meters and 200 meters.

At the beginning the method of hurdling was very primitive, the obstacles were cleared by simply jumping and not sailing over them. Meanwhile the method has been considerably improved and is nowadays very refined with its "crouch start", the characteristic "step-over action" and "finish".

The most impressive but also most difficult moment in hurdling is the "step-over" action, which was chosen as the subject of the new stamp; it displays the "one-arm" forward thrust" (while raising the lead leg, the characteristic bringing forward of the trailing leg (bent at the knee at right angles to the body) over the hurdle and the extreme forward lean of the body so to be in a sprinting position for the next steps between the hurdles. After having cleared the hurdle, the athletes try to cut down the leading leg as quickly as possible and take a "sequence of three steps" to the next hurdle.

A hurdler has to face hard challenges of fitness and ability; and therefore hurdling might be considered to come within the difficult activities of field athletics. On the other hand, it is one of the most interesting and exciting events.

## PRESIDENT'S MESSAGE

Enclosed in this issue is a pull out page that requires the attention of all SPI members, including those who live outside the USA.

There is a Special Ballot giving a proposition that needs the approval of the general membership. This amendment to the SPI Constitution is a requirement by the US Internal Revenue Service. Once we have I.R.S. approval as an Educational organization, we will be able to get a second class mailing permit from the USPS. It is essential we acquire the second class permit as expenses are now running close to income.

On the reverse side of the Special Ballot, there is another form that is called to your attention. This form is for advance subscription (at a special pre-publication price for members) for the 1932 Olympic Handbook. This is only a deposit as we do not know how many pages there will be when the printing commences later on in the year.
