1976 Olympic Games — Sculptures

Robert Taft McKenzie, creator of "The Sprinter" and "The Plunger" was versatile. He inspired groups as different as artists and soldiers, and his biographers compared him to the ancient Greeks.

McKenzie began to sculpt, when he decided to use statuary for teaching and research. Having gained self-confidence with four "Masks of Expression" he began work on the "Sprinter". "It was to show the ideal...form of a sprinter...(by averaging the) dimensions of successful individuals." After three tries McKenzie overcame his lack of artistic training and produced a figure capable of supporting its own weight. His intention in both "The Sprinter" and "The Plunger" was to show the beauty of the healthy human form at the moment of resolve. The artist often sought the supremely graceful movement in the perfect actions of perfectly developed athletes. The search was aided by his work in anatomy and sport. As one of his contemporaries stated, "Probably no man filled with the aesthetic impulse has, since the days of the Greeks, seen pass before his eyes so long and varied a procession of men in the nude as he has during the physical examinations that he has conducted".

In 1904, The University of Pennsylvania hired McKenzie as director of its Physical Education Dept. As such, he attempted to reduce the number of spectators who only watched and never played. He feared that weak minds resulted from weak bodies and suspected that students who hated games failed in other activities. The solution was to make sports part of everyday life, and to make them countable for scholastic credit in the academic world. McKenzie's contributions to American society were not restricted to the university. He founded the Boy Scouts of Philadelphia and associations with playgrounds, medicine and sport.

"The Plunger" is reproduced with the permission of the Art Gallery of Ontario. "The Sprinter" is reproduced courtesy of the Administrative Centre for Sports and Recreation in Ottawa. Allan Fleming designed these stamps using photographs by Eberhard Otto.

The "Olympic Shield of the Athletes" which appears on the first day cover is located at the R. Tait McKenzie Museum at the Mill of Kintail in Almonte. The Museum displays many other works of Dr. McKenzie.

New Issues at Face Value!

The 1976 Olympics are in Montreal

The olympics of the twenty-first olympiad are coming to Montreal. And that means that countries all over the world will be issuing special stamps to commemorate the event. Here is a unique opportunity to build yourself a complete olympic collection that will grow in value for years to come.

We've designed a service to help you build that collection of Olympic stamps. Our offices are located in Olympic City, and that means first hand information that we can pass along to you. We'll see to it that you

receive every issue released. Serving as your agents, we'll purchase Canadian issues for you before they run out as well as order commemoratives from around the world to be sent directly to you.

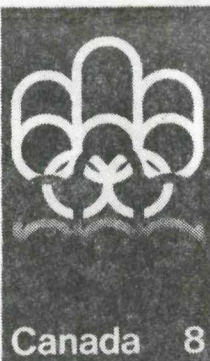

An initial deposit of \$5.00 or more will open an olympic account for you. Then, from time to time, we'll mail you a statement with information of your present balance as well as advice on upcoming issues. A

small cost of 15% is deducted for this service. This minimal fee is probably less than you would spend, yourself, in postage and paying the various post office charges.

The unique aspect of this service is that the specifications may be moulded to suit your personal interests. If you don't want Canadian issues or you only collect water-sports stamps, that's fine with us. Just be sure to enclose a list explaining exactly what you want to receive. Perhaps you want no part of Canadian semi-postals

and stamps over a dollar and wish only plate blocks and Commonwealth issues to be sent. First day cover orders are welcome, however we are forced to charge extra for a cachet envelope and any additional post office charges.

So, write us today to open your olympic account. Just enclose a list of your collecting interests, and we'll take care of everything from the site of the 1976 olympic games.

RESEARCH AND STUDY GROUP NEWS ---

Sherwin Podolsky, 16035 Tupper St., Sepulveda, CA 91343

Ever helpful Joe Schirmer is arranging translation of articles in Greek on the early Olympic issues. This could be a major breakthrough especially on the 1896 issue. We hope these translations will supplement in English what is available from the Kohl Handbook. The Kohl Handbook in English contains a magnificent chapter on the 1906 Olympic issue and photocopies of these are available from the American Philatelic Research Library. Does anyone have articles in Greek on the early Olympic issues? Please send a clear xerox copy to Joe at: 7300 Blvd., East, North Bergen, NJ 07047.

Joe has also agreed to start a study on the Olympic Games which were to be held in 1940. Readers are urged to send xerox copies of their materials including any reference articles to him. Meters, cachets, picture postcards, special cancellations, vignettes, covers, organizing committee stationery are all of interest. The Haiti 1939 semi-postal set is the only stamp issue of this Olympiad that could come under this study. Who has covers?

Bill Brown reports contributions of assistance and information on the 1936 Olympic Study Group from Dr. Van Lint, Bill Smithett, Ed Parrasch, Ed Epstein, Brian Hammond, Joe Lacko, and Dave Bressler. An ambitious agenda includes the following areas:

1. Catalog of Official 1936 Olympic Postcards (Bill Brown).
2. Catalog of Other, Non-official Postcards.
3. Planning, preparation and operation of postal functions at the 1936 Olympics (Ed Epstein).
4. Olympic Zeppelin Flight Covers (Bill Smithett).
5. Registration labels.
6. Cacheted Covers.
7. Fakes and Forgeries.
8. Bibliography '36 Olympics (books, clippings, articles).

Please contact Bill at 1408 N. Fenton Ave., Indianapolis, IN 46219. Please send him xeroxes of your material and offer your assistance.

Blocks or pieces showing Scott-listed varieties of the 1932 Olympic Games issues are urgently wanted for the 1932 Handbook. Please send blow-up photographs to me. Or send material to our SPI photographer (Olech W. Wyslowsky, 55 Glenwood Ave., East Orange, NJ 07017), who is careful, conscientious and meticulous and will make the necessary photographs without cost to you. This would be a real boost to our project.

I would like to have a locally available typist (pica size typewriter) to type up edited copy for the 1932 Handbook. My home is in the San Fernando Valley in the city of Los Angeles and workday phone is 974-5952. Evenings and weekends I can be reached at 893-4107.

I think all these contributors deserve much thanks and encouragement for their efforts. It is a great feeling seeing progress being made in SPI. All contributors and assistance will be acknowledged in the Handbook. If you are interested in starting a study group in your favorite subject, please let me know.

PRESIDENT'S MESSAGE

Constantly rising costs of everything pertaining to the publication of JSP make it necessary that we raise our dues.

In the past two years the cost of paper has increased over 100%. Third class postal rates for mailing JSP with 20 pages (under two ounces mailing weight) has gone from 6¢ to 10¢ per copy. That is an increase of 66 2/3%. The cost for mailing an issue of over 20 pages (2 to 4 ounces) has increased from 10¢ to 16¢. Many of our members may have noticed that every other issue of JSP has been limited to 20 pages. We have been doing this to hold down our postal expenses. But this has been leading your editor into problems as features had to be dropped and articles shortened. The USPS has been floating a rumor that third class rates will increase by 30% sometime this year.

At a meeting last Feb. with the Secretary-Treasurer, Bill Brown, he informed me that we would hit the break even point (i.e., expenditures would balance income) before the end of the year. In view of the above facts, I have asked the Board of Directors to approve an increase in the yearly dues and they have done so reluctantly.

The new dues schedule will be \$5.00 a year effective Sept. 1, 1975. This is the minimum yearly dues that will allow us to continue with a bi-monthly publication of a reasonable size.

In appreciation of the loyal support of our members over the years all current members will be allowed to become life members at the old rate of \$75 for a short period. The new life membership rate, which has been approved by the Board of Directors will be \$100. Please take advantage of this offer as it obviously cannot be repeated.

SPORTS STAMPS FOR INVESTMENT?

Bob Bruce

This little essay is neither for, nor against, stamp collecting as an investment although the conclusion which one must draw after reading about my particular experience is pretty obvious.

About 1967 the excesses of the printing presses forced me to give up the collection of general sports, including Olympics; I now concentrate exclusively on basketball. I arranged my collection and stored it away to see what would happen. Incidentally, the collection is very nearly complete (slightly over 4200 items) under a fairly broad definition of "sports", but contains very few souvenir sheets. Most of the items are mint, although a very few are legitimately used.

In 1970 I decided that I would buy Scott's catalogue only once every five years; I couldn't afford and really didn't need it more frequently. Using 1970 edition I inventoried my collection thoroughly. A few items had to be priced from either the Minkus or Michel catalogues, but the number was minimal.

Five years have past and the 1975 catalogue is at hand. I have just repeated the cataloguing process. The exception is those non-Scott items, which have diminished in number as Scott has become slightly more broad-minded. Lacking current Minkus and Michel values, I did not re-price a few stamps: This introduced a small error in the calculations.

What are the results? They are very clear. The Scott catalogue value has increased 9.8% in five years--no more and no less. If I collected stamps for investment, obviously general sports and Olympics are not the answer.

A few issues have shown very attractive increases in catalogue value. They include the Canadian "Blue Nose", the "German Ribbon" issues, the Greek Olympic overprints, the Portuguese "Rifle Clubs", most Japanese issues, and selected items from Yugoslavia, Lebanon, Netherlands and Persia. On the other hand, the earlier Bulgarian issues and those of Italy, Italian Colonies, Aegean Islands, Liechtenstein, and San Marino have decreased markedly. Notice that most of the latter belong to the Italian area, probably much over-priced in 1970. ----- (Editor's Note: This short article arrived on Dec. 24 1974 and I thought it would be a good idea to get it into print before the 1976 catalogues were out!)

Trachtenberg, Henri, Sport/Olympiques & Scoutisme/Catalogue/1975-76 (Catalogue of Sport, Olympics, and Scouting--1975-76). Paris: Author, 1975, 108pp., \$6.00 postpaid.

A copy of Trachtenberg's new edition is now available for review. Everything which has been said about earlier editions can be repeated. In addition, the new plastic ring binding is a vast improvement.

For newcomers, the catalogue contains two general sections. The first is a listing of Olympic issues through 1972; year, country, Yvert catalogue number, and price in French francs are included. The second lists all sports, scouting, and youth organizations (arranged chronologically by country); data include year of issue, Trachtenberg check-list number, Yvert and Tellier catalogue number, description, quantity issued, and price in French francs.

The particular strength of this catalogue is its coverage of imperforate issues and miniature sheets, and particularly its listing of quantities printed. One must be cautious in interpreting the press-run data; occasionally the figure given may represent the number of complete sets issued rather than the number for the lower denominations.

Although the catalogue is written in French and although Yvert catalogue numbers are used throughout, neither offers a severe handicap. Yvert numbers offer yet another frame of reference for many sports collectors, especially in southern Europe. Whenever, like some other major catalogues, Yvert gets chary about listing the issues of certain countries, no catalogue numbers are available for reference. However, Trachtenberg still tries his best to include all known issues.

Trachtenberg's address is B. P. 49-94200 Ivry/Seine, France.

LETS POOL OUR OLYMPIC AND SPORTS KNOWLEDGE

Edited by Edward B. Epstein

Sports and Olympic philatelists have, collectively, a great deal of knowledge which, when pooled, can be of mutual benefit. Questions concerning sports and Olympic philately will be assigned a number and published in JSP. Responses to questions will be printed in subsequent issues. Address all questions and answers to your editor: Edward B.

Epstein, Paterson Board of Education, 33 Church St., Paterson, NJ 07505. Please cite your source of information.

A-9 There is much controversy about the first female athlete to be pictured on an Olympic stamp. Perhaps readers will add to the information thus far received. The first female (not female athlete) to be pictured on an Olympic stamp is "Pallis Athene", the Goddess of War which is shown on an antique vase-the prize most frequently awarded in the ancient games, on the first Olympic (and sports) stamp set (Scott 121, 122). On Dec. 15, 1955 San Marino issued a set of stamps to publicize the 7th Winter Games at Cortina-D'Ampezzo. The 10 l. value (Scott 369) pictures a female figure skater. This design, produced by C. Manciola, won first prize in the Bonacossa Medal competition for the best sport stamp in 1955. If any reader knows of an earlier female athlete pictured on an Olympic issue, please let me know.

A-10 The International Olympic Committee reports the following information about Selim Sirri Tarcan which is pictured on a stamp of Turkey (#1742): Selim Sirri Tarcan Founder of the Turkish Olympic Committee member for Turkey from 1908 to 1930. Born in 1874 at Navplion in the Peloponnese where his father served as a captain in the Ottoman army. A notable athlete, he practiced gymnastics and weightlifting during his studies at the Galatasary lycee. Soon after completing his military studies, he resigned from the army to follow a two-year physical education instructor's course in Sweden. He met de Coubertin in 1907, after which he became a fervent supporter of Olympism. As a physical education adviser at the Ministry of Education, he extolled sport in school and initiated physical education as a profession. From 1908 to 1924, he was Secretary General of the Turkish NOC which he presided from 1924 to 1928. He was elected a deputy in 1933, a position he held until 1946. He died in 1957.

Q-12 One of three Greek stamps (Scott 934), issued Sept. 25, 1968 to publicize the 19th Olympic Games pictures Pindar and the Olympic Ode (in Greek). Can anyone translate?

A-12 Topical Time, the Journal of the American Topical Association, reports that the Greek Inscription on the stamp is more an invocation than an ode. It reads (translated): "O mother of contests crowned with wreaths of gold, Olympia, Queen of truth! Where by the tests of sacrifices, diviners inquire the will of Zeus of the flashing thunderbolt, asking if he hath any message to give concerning men".

Q-13 I am seeking information on the Olympic seals and vignettes issued for the 1968 Olympic Games in Mexico City.

Q-14 I once saw a cover with an event postmark at the 1964 Olympic Games in Tokyo, Japan but have not been able to find any information event postmarks used at these Games. Can any member help?

A-14 There were twenty (20) venue handstamps used at the Tokyo Games. Each, printed in red, had a stylized athletic figure and text (in Japanese) describing the event. It is assumed that these cancels were used at the site post offices.

Q-15 I have a cover from France dated 3-1-68 with a special rectangular cancellation. The five Olympic rings and 1968 below rings

(at left) with wording "les 2 alpes". Also in the rectangle, (at right) "ski au Soleil" and symbol. Can anyone tell me anything about it?

- Q-16 I have a dark green postal stationary card with imprinted 50 difinitive stamp worder "III DELNICKA OLYMPIADA CESKOSLOVENSKA PRAHA 1- VII - 8 VII 1934. Below is a view of a statue and building also in dark green. There is no record in Ernest Trory's P.H. of the Olympic Games. Can you give more details?
- A-16 Joe Lacko states that these cards (there is a set of seven with different views) were issued for the Third Workers Olypiad. The workers in Czechoslovakia have their own organization for sports and do not have any connection with the Olympic movement.
- Q-17 Czechoslovakia (#540-43) was issued Aug. 2, 1952 to publicize the Czech Unified Physical Education Program. Can any reader give details of this program?
- A-17 Joe Lacko supplies the following info. This is national unification of all physical educational and clubs program under one central jurisdiction. Various clubs and societies like Sokal and others gave way to the central Phys. Ed. Unit.
- Q-18 Czechoslovakia (897-902) was issued Feb. 14, 1959 but Scott's catalog lists no reason for the stamps. Can anyone provide more information?
- A-18 Carl-Olof Enhagen's book "Sports Stamps" reports that Czechoslovakia's Feb. 14, 1959 issue combined the commemoration of the World Ice Hockey Championship in Prague with a sports issue. The 20h value was for the championships. The remaining stamps on the issue were for sports.
- Q-19 Hungary (C158-C165) was issued Jan. 27, 1955 but Scott's catalog lists no reason for the stamps. Can anyone provide information?
- A-19 Again, Carl-Olof Enhagen provides the following information about Hungary's C158-65 issue. The set was issued to commemorate the European Figure Skating Championships in Budapest. C163 & C165 Were issued Jan. 27 while C158-62 & C164 were issued Feb. 26, 1955.
- Q-20 Poland (602-04) was issued Dec. 31, 1953. What was the reason for this issue?
- A-20 Enhagen reports that Poland 602-04 was a winter sports issue.
- Q-21 Can anyone identify the statue pictured on Uruguay 282-84 issued to commemorate their teams victory in the 1924 Olympics? What is the significance of the statue?
- A-21 The statue on the Uruguayan stamps picture the Nike from Samothrace, c200 B.C.? which is in the Louvre Museum, Paris. It was quite natural for the Uruguayan's to picture this marble statue on the issue. John Barron's book "Greek Sculpture" comments, "The most magnificent statue of the Hellenistic period is the Victory (Nike) from the northern Aegean Island of Samothrace. She was probably an offering of the people of Rhodes, c190 B.C., to celebrate their victories over King Antiochus III of Syria. The

goddess is in the act of alighting on the prow of a ship, her drapery streaming in the wind as the ship rushes through the waves, and her great wings beating to steady herself: at this moment there is equal tension in both legs and the feet are planted firmly. The right arm was raised, waving a victor's triumphal sash (not a trumpet as in earlier restorations), and the head was turned to the left."

Q-22 Can anyone identify the art pictured on the Oct. 10, 1964 Olympic issue of the United Arab Republic, Scott 216-19?

Q-23 We understand that a souvenir sheet honoring wrestling was issued in 1938 by then existing Estonia. Now, who can supply some answers, was it merely a label? Why and for what was it issued? Has anyone seen or heard of this item?

In the March-April issue, the two illustrations were listed on page 12. Member Pool gives the following information: The language on the labels is Estonian, they were issued by the City of "Viljandi Match Factory" and the labels look like match box cover labels, used to promote water safety.

CARAVANS CARRY OLYMPIC MESSAGE

Five travelling exhibitions will carry the Olympic message into all parts of Canada from the summer of 1974 to Games' time in 1976. Five air-conditioned, mobile exhibition halls, are being sent across Canada to bring information about the Olympic Games and the various Olympic sports through audio-visual presentations.

The caravans, sponsored by Molson Breweries of Canada Ltd., 1555 Notre Dame St. East, Montreal, Quebec H2L 2R5, will be stocked with three books published by Molson. One will cover the Evolution of the Games, the second, Olympic Sports, and the third, Olympic Records. The books will be sold for 25¢ (Canadian) and the proceeds will go towards amateur sports. The first book was published in 1974, the second in June 1975 and the third will be published before the opening of the Games in 1976.

EDITORIAL COMMENT

Page 21 of this issue is a rough lay-out of a proposed series on "Sport Boating" by K-Line Pub. Co. All types of racing yachts and other sport boats will be illustrated with spaces for stamps. All members who are interested in this proposed series are urged to send a card to K-Line. K-Line has also proposed a series of blank pages on various sports i.e., "Figure Skating", "Winter Sports", "Cycling", "Basketball", "Track and Field", etc. Any member who has any ideas on this series for blank pages, K-Line is interested in hearing from you.
