16. Men & women's downhill ski run.

My good friend in Italy, Col. Carlo Condarelli, has written an excellent hand-book 'L'ARCO' (archery).

While only 68 pages and the usual format size 6½ x 9½"; and soft covered, this book is well printed and better illustrated than many of the handbooks coming out of Italy that I have seen in the past few years.

The bow and arrow is well covered in its many uses as a hunting weapon, symbol, sports discipline; war weapon, etc. You sports purist can easily pick out your items as the book gives both the Scott and Yvert-Tellier numbers.

The handbook is divided into 3 sections--stamps; special cancellations and postal stationery. First day cancellations are shown only if they have a thematic relationship with either the bow or archery. The majority of the illustrations are a trifle smaller than the originals. No price is given for the book, and when available, I will inform my readers. For further information contact Col. Condarelli at Via Conte Ruggiero n. 9 Catania, 95129 ITALY. **Joe Schirmer, Associate Editor.**

THE OLYMPIC GAMES OF ATHENS 1896. by The Baron de Coubertin, et al.. Translation of the 1966 work originally printed in 1896 in Athens and Paris. 156 pages plus 12 pages of photograph plates. Soft cover. Page size 9 x 13". Printed in 3 sections: Greek, French and English, each approximately 50 pages. On heavy paper in large easy-to-read print. Obtainable for US \$10.00 (including airmail book rate postage) from the Hellenic Olympic Committee, 4 Kapsali St., Athens 138, Greece.

This book is apparently a reprint of the official report on the first modern Olympiad. The first two chapters discuss the events resulting in the organization of the Olympic Games at Athens, 1896. One chapter discusses the history and reconstruction of the Panathenian Stadium. The rest of the book is devoted to a daily accounting of the events including names of winners. Everything is written in the present tense which conveys a feeling of everything happening now. The different designs of the 1896 commemorative postage stamps are included in the photo plates.

Olympic enthusiasts will find this a new dimension of pleasure from this book which describes the organization and events of the First Olympic Games. Worth-while and recommended. **Sherwin Podolsky, Associate Editor.**

SIEGER & THE OLYMPIC LITERATURE - When it comes to printing, and for that matter writing various philatelic handbooks and catalogues; it seems to me that we here in the U.S.A. could learn a bit from the European collectors and publishers.

Not only are the usual foreign handbooks and catalogues printed on better paper stock with clearer illustrations and photographs, but over the years I have found them to be more technically complete (are you listening Scott Publishing Co. with your "For the Record"), and most important, one heck of a lot less costly.

To illustrate these points one has but to examine the 3 volumes of Olympic Games catalogues published over the years by Hermann E. Sieger, the well known German philatelic publisher and dealer.

If one will take the time to check thru and study these 3 fine volumes of Olympic literature, they will find one of the more complete Olympic catalogues in print today. It is a known fact that Sieger works very closely with the Michel

Volume 1 covers the Games from 1896 thru 1964; volume 2 covers 1968 and volume 3 covers 1972. Volume 3 is at presently being revised to include the later issues for the 1972 Games and Sieger is also preparing another catalogue for the 1976 Games.

With these current 3 volumes which sell for approximately 5 German marks each (postpaid); one has the nucleus of a good Olympic library. For those interested, Sieger may be contacted at the following address: Postfach 1160, 7073 Lorch/Württbg. Germany. **Joe Schirmer, Associate Editor.**

~~~~~

This catalogue is bound and in the 6 x 9" format, covers the various sport cancellations during the years 1919 - 1969.

All the major sports, skiing, gymnastics, physical culture, soccer, etc. are covered. The illustrations are very clear and the descriptive matter is well done with no details omitted. Incidentally, this catalogue is divided into the international decimal system according to the individual sport.

For those of you who wish to purchase this catalogue, you can contact Jan at: P.O. Box 153, 160 41 Prague, Czechoslovakia. The cost of the book is \$2.50. I think that any sports collector, especially those like myself who collect the various cancellations will find this catalogue a big help in working with Czech material. **Joe Schirmer, Associate Editor.**

## ARGENTINA COINS HONORS SOCCER CHAMPIONSHIP!

The final round of the 1978 World Soccer Cup will be held in Argentina. As hosts, the Argentines will shatter many traditions. For the first time in history, a set of coins will be issued marking the games. The Central Bank of Argentina will issue a set of six legal tender coins ranging in value from 20 to 3,000 pesos. The three smaller denominations -20, 50 & 100 pesos-will be struck in a copper-aluminum-nickel alloy. The three larger denominations-1,000, 2,000 & 3,000 pesos-will be struck in coin silver (.900). Sets will be issued this year (1977) and in 1978, too. Each coin design depicts a different point of game interest.

In addition to being the first such coins in numismatic history, they are also the first silver coins issued by Argentina in 93 years.

The Buenos Aires mint will strike the three minor denominations, the Santiago mint the balance. A total of 1.5 million will be struck for circulation, but in 1978 the amount will be raised to 2 million. Proof sets will be available this year, but only of the silver issues. No proofs of minor denominations will be available.

The foreign exchange firm of Manfra, Tordella and Brooks, 30 Rockefeller Plaza, New York, NY 10020, will be the exclusive worldwide distributors of the 1978 official commemorative issue. Sets will cost \$36, plus \$3 shipping, insurance and handling charges. Collectors should write first for full ordering information. **Review by Ed Rochette, reprinted from the Chicago Sun-Times.**

The World Football Championship (also known as "World Cup") is upon us again. Next summer is the meeting of world football elite in Argentina. As usual there will be a deluge of issues from countries, "agencies", "islands" and the likes, who profit from the ignorance of too many "collectors". There's no better "World Cup" Material than that issued by the host country. Let us take a look at what is available from Argentina, up-to-date, in stamps and related (documentary) material.

Arlo Scoggin, SPI's able sales circuit manager, obtained answers to the questions raised in my article in the September-October, 1977 issue of 1977. He forwarded the article to Walter E. Norton of the Lithuanian Philatelic Society of New York. Here are Mr. Norton's answers.

Our hero who wrote the card is Leo Macionis, an American born citizen who was a contestant in the Lithuanian National Olympics which is commemorated by the postcard. Mr. Macionis attended Yale University and set records on the swimming team. The Lithuanian Olympics were open to all Lithuanians residing at home or abroad—as long as they were of Lithuanian parentage.

A translation of the inscription on the picture side of the postcard is "First Lithuanian National Olympic Participation".

Leo was of college age at the time of the games and now resides in Philadelphia and is in the insurance business. As a contestant in the games, he set new records in the swimming events.

Events held included track, boxing, weightlifting, basketball, soccer, handball, swimming, water polo, tennis, ping pong, shooting, equestrian sports, aeroplane events, yachting, boat racing, cycling and national dances. Events were held at various locations in Kaunas and around Lithuania. The equestrian sports were held at the hippodrome in Kleboniskis. Air events were held at the Kaunas aerodrome, and probably consisted of gliding. Yachting, boat racing and cycling events were held at Klaipeda.

Many thanks to Arlo for his resourcefulness and to Mr. Norton for his helpfulness.

## Olympic Market Report \*\*\*\*\*

*by Sherwin Podolsky, Associate Editor*

There is a strong demand for quality philatelic items related to the earlier Olympics. Unfortunately, auctions devoted to topicals rarely happen nowadays and one must watch for catalogs dealing with countries involved in past Olympics and quality postal history. Most catalogs have very few Olympic lots which must be carefully sought out. This is actually part of the challenge of the chase. Straight country collectors have no problem finding suitable auction catalogs. Topical collectors have a much more difficult time.

Tipex, Inc. of New York included the following items in their latest retail price list:

- 1932 2¢ Olympic FDC with plate block of 6 on Y. Souren Olympic cacheted cover. \$39.95.
- 1932 2¢ Olympic FDC with Beazell cachet at 49.95.
- 1932 2¢ Olympic FDC, Beazell cachet "Sleighting" with plate bl of 4 \$119.50.
- 1932 3¢ & 5¢ Olympic FDC USS Pennsylvania (sold) \$69.50.
- 1932 3¢ & 5¢ Olympic, plate blocks of 4 on 2 covers with SPI cachet A1 - \$79.95.
- 1932 All 3 Olympic stamps on one cover with AM 33 First Flight cachet and SPI cachet I2 - \$49.95.

The Tipex price list includes over 200 1932 Olympic covers (mostly FDC's). Inquiries should be made to Tipex, Inc., Box 338, Hollis Station, New York, NY 11423.

The Daniel F. Kelleher June 28, 1977 auction included these items:

2¢ Olympic 1932 set of 2 essays, water color drawing of entire design with runner, designed by Everett A. Vordenbaum, first in Red, other Blue. VF Unique and beautiful. Estimated at \$2,000. Realized \$2,500.

3¢ & 5¢ Olympics. 1932. Small die proofs on white wove. VF. Estimated at \$1,200. Realized \$1,150.

SEND YOUR CHANGE OF ADDRESS

The Danam Stamp Co. October 1977 auction included these 1936 Olympic booklet items:

The basic two mint panes, Scott B82a & B83a \$13.

Same, but with Berlin Grunau Regatta cancels \$21.

Intact booklet, with red stripe on cover, sold via vending machine. \$75.

Larry Birger's Mail Bid Auction of November 1977 included this lot:

B32 3¢ & 5¢ in blocks of four on oversize official envelope of Ticket Department, Olympic Games (SPI cachet No. A7) containing complete program of events, ticket information, cost of tickets, etc. Minimum bid \$100. Realization not available.

Roger Koberber's October 1977 sale included the following:

1936 Olympic Flight Covers:

Germany: blocks and singles of World Congress for Recreation and Vacation stamps tied by Hamburg FD cancels on cover with magenta Olympic flight cachet, backstamped Berlin. On reverse, photo of Gisela Mauermaner hurling discus, signed by her on front and back. Estimated \$60. Realized \$36.

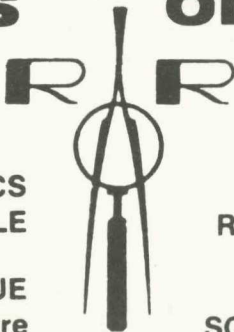

Switzerland: Olympic flight, 35¢ Wigned letter etc. on cover with magenta cachet, from Basel via Rhein-Main, backstamped Berlin. Estimated at \$200. Realized \$150.

Henri Trachtenberg reports that the complete set of blocks of 4 with gutter between of the France 1924 Olympic stamps realized about 2200 DM (US \$1,034) in Germany.

At hand is the Vlastos December 1977 auction catalog listing many choice early Greek Olympic items. I hope to have some sales data to report next time.

# New Issue Column

by Joe Schirmer,  
Associate Editor

EDITOR'S NOTE: DJIBOUTI REPUBLIC is the former French Territory of Afars & Issas. This new Republic came into being on June 27, 1977.

SPANISH SAHARA issued stamps between 1924 & Nov. 1975. At this time Spain divided the area between Morocco and Mauritania to avoid a colonial war. However, Algeria also made claim to this land. As of this moment, there is conflict between Algeria (financed by Libya and supplied by Russia) and the people of Morocco and Mauritania. Therefore, Scott catalog is not listing the Spanish Sahara issues until some form of territorial settlement is made. Your editor will keep you abreast of further developments.

LETS POOL OUR OLYMPIC AND SPORTS KNOWLEDGE

Edited by Edward B. Epstein

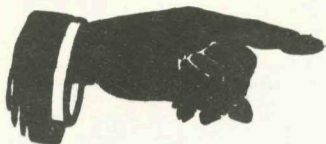

A-43 The symbolic design pictured on the Indonesian set issued Oct. 15, 1951, B63-67, shows the emblem of the games: the wings of the holy bird Garuda surrounding a lotus flower-the symbol of purity-and the flame-the symbol of fighting spirit.

A-46 Carl-Olof Enhagen's book "Sport Stamps" also provides the following information about the French stamp #845, issued Aug. 31, 1957 to commemorate the International University Games, Paris Aug. 31 to Sept. 1, 1957 picturing Leo Lagrange. Lagrange was the French Minister for Sport between 1936 and 1940 and was killed during the war. Pictured on the background of the lilac gray and black stamp is the stadium of Charlety, outside of Paris.

Q-48 Information is required about the stamp issued by Monaco (#338) issued to publicize the 25th Monte Carlo Automobile Rally which took place Jan. 1955. Can anyone identify the buildings on the stamp and explain their significance?

Q-49 The letter "N" appears beneath the July 19, 1952 Helsinki opening day 15th Olympiad handstamp. Yet the letter "N" is missing on the identical Olympic handstamp used Aug. 3, 1952, closing day of the games. I would welcome comments from other SPI members who may have the same cancel on Helsinki material between July 19 and Aug. 3. Does the letter "N" appear on the handstamps during the period of the games? Does anyone know what the letter "N" means?

Q-50 Prior to 1948 most Olympic teams sailed to the sites of the Olympic Games. Since 1952 Olympic team flight handstamps and post cards exist. Are there handstamps and/or cards to commemorate Olympic team voyages before 1948?

The 1932 Olympic Games in the USA were probably the last one with a non-political setting and glossed over the despair of world economic depression. SPI has published its first handbook gathering the evidence in postal history and vignettes. It has over 200 pages, about 400 items illustrated and comes with a vinyl gold-stamped three ring binder.
