CRICKET ON STAMPS

by Sydney Astle

Cricket is the most complicated of games to play, the most demanding of mind and spirit and consequently, one of the most satisfying when played well. Compared to all other sports, cricket is as chess opposed to chutes and ladders." So wrote one cricket enthusiast and those who ever played with any degree of seriousness would wholeheartedly agree.

Cricket is more than a game, it is a way of life which had its origin in England in the Middle Ages and spread, with settlers and trade, around the English speaking world. Most former members of the British Commonwealth still count cricket as their national game and it is from these countries that we find most cricket on stamps.

Surprisingly enough, the first came, in 1963, from an area with no history of the game. CAPE VERDE (Scott 322) chose the subject as part of a general sports issue of the Portuguese Colonies. More fittingly, two issues by PAKISTAN (166 & 168) followed shortly afterwards, both featuring cricket equipment.

The first of a number of issues from the West Indies was a very interesting arrangement in the form of a sheet of nine stamps in se-tenant strips of three showing players in action with a decorative border of spectators. Identical designs were used by GUYANA (56-58) and JAMAICA (266-268) on the occasion of the visit of the English team in 1968. For the same event, ST LUCIA (288), featured a batsman and the Governor of St. Lucia, himself an accomplished cricketer. Also from the West Indies, and the most easily overlooked cricket stamp, is one contained in a lengthy series of local scenes and activities in DOMINICA (281). It shows cricket at a local grammar school.

Offerings from FIJI (344-46) , SAMOA (344) and NEW CALEDONIA (C122) illustrate South Pacific aspects of the game. The latter indicates, as is indeed stated by cricket historians, that the French also had some influence on the spread of the game. Not until 1973 did cricket appear on a British stamp (694-696), to mark the Centenary of the County Championship, England's premier cricket league.

Of the rest, perhaps the most attractive design is that of the recent Australian issue (661-666) for the Centenary of International Cricket between England and Australia. A se-tenant strip of five make up an illustration of a game in progress. The strip was accompanied by a single airmail. The worst design must be credited to SHARJAH (unlisted but issued in 1971); the stance and dress of the batsman shown clearly indicate that he was modeled on a baseball rather than a cricket player.

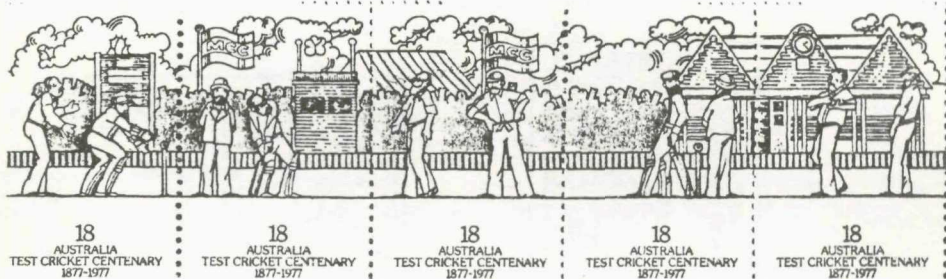

The most extensive issue was a pair issued jointly by ten countries in the West Indies Cricket Federation to celebrate the West Indies win the the inaugural World Cup series in England in 1975. BARBADOS (438-9), BELIZE (381-2), DOMINICA (492-3), GRENADA (747-8), GUYANA (243-4), JAMAICA (414-5), ST. KITTS (322-3) and sheet 323a, ST. LUCIA (403-4 and sheet 404a), ST. VINCENT (470-1), TRINIDAD AND TOBAGO (260-1 and sheet 261a).

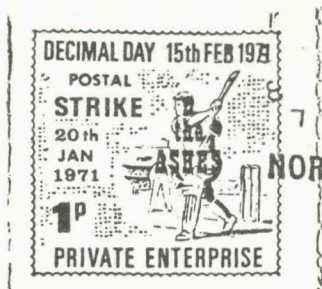

To complete the count are issues from ANTIGUA (297-99 with sheet 299a, 402-404, 456 with sheet 458a); all but the first set also appeared overprinted by Barbuda; AUSTRALIA (591), BARBADOS (292 & 452), BERMUDA (343-4), GRENADA (747-8), INDIA (550 & 591), NEW ZEALAND (B77 & B78) and sheets of 6, B77a & B78b, SOUTH AFRICA (457 & sheet 459a).

It is interesting to note that both stamps from Barbados feature the same man, Gary Sobers, the most talented all round player ever. The first in action as a player, the second being knighted by Queen Elizabeth II.

The British postal strike in 1971 coincided with an English victory in Australia and produced at least four strike stamps of cricket. Special cancellations, which far outnumber stamps issued, may also be used to supplement a collection.

The writer believes this to be a complete list of cricket stamps to date, but would be glad to know of any omissions. All numbers quoted are from the 1978 Scott Catalogue. Sydney Astle, 6 Woodbine Ave., Larchmont, NY 10538.

TOPICAL POPULARITY

by Joe Schirmer

A very recent listing from Germany shows the popularity of Topical Collecting subjects as follows:

- | | |
|----------------------|-----------------|
| 1. Olympic Games | 10. Religion |
| 2. Aviation | 11. Automobiles |
| 3. Ships | 12. Soccer |
| 4. Animals | 13. Railroad |
| 5. Flowers & plants | 14. Europa |
| 6. Space | 15. UPU |
| 7. Paintings | |
| 8. Military subjects | |
| 9. Stamps on stamps | |

It is to be noted that the always popular "music" is not included in this latest listing. Further, it is not surprising to see "Olympic" in first place for this is an Olympic year and even though in various surveys for the past few years "Olympics & Sports" usually were found between 4th and 7th places; there has been a very steady trend of more and more Olympic collections being formed. This is easily verified by various requests for data in philatelic periodicals and requests to various dealers and new issue services.

But, disregarding the particular topic, one has to admit that any form of topical collecting is not only interesting and educational, but it gripes you with a "philatelic hold" that you are never quite able to break.

President's Message

By the time this reaches the members, the officers and directors will have closed the nominations for the empty directorship and moved on to making a selection. You will hear in due time -- due time because an issue of JSP once every two months makes for anything but good communications.

Forthcoming issues of JSP will contain the five-catalogue check-list supplements for 1977 and 1978. The former has only a few unfilled gaps, but the latter has many holes. Some are due to deliberateness by the various catalogue editors and some are likely due to error and slowness by the compilers. In any case, Jim Yarwood and/or I would appreciate hearing from any of you who spot errors or can fill gaps in our information.

This is dues-paying time for SPI members. A statement (reminder notice) was included with the July-August issue of JSP. Please make prompt payment. You can save the Secretary-Treasurer much work and the organization much expense by eliminating the need for follow-up notifications. In most cases it is just as easy to pay the small amount today as to wait a week or month. If, for some reason you do not plan to continue membership, please have the good grace and politeness to notify S-T Clem Reiss (1714 Terminal Tower, Cleveland, OH 44113). Thank you in advance for your cooperation.

LETS POOL OUR OLYMPIC AND SPORTS KNOWLEDGE

Edited by Edward B. Epstein

Sports and Olympic philatelists have, collectively, a great deal of knowledge, which when pooled, can be of mutual benefit. Questions concerning sports and Olympic philately will be assigned a number and published in JSP. Responses to questions will be printed in subsequent issues. Address all questions and answers to your editor: Edward B. Epstein, Paterson Board of Education, 33 Church St., Paterson, NJ 07505 U.S.A.

A-61 The radio gymnastic issue of Communist China was unique for two reasons. In addition to its distinction of being Communist China's first sports issue, it was used as a means of persuading their population to exercise by radio. Issued in blocks of four, between June and Sept. of 1952, each stamp of the block illustrated the movements of one complete gymnastic exercise. The following week a different block of four, picturing another exercise was issued. until the whole radio gymnastics program was concluded.

Altogether, ten blocks of four, in the following colors were issued: carmine red, dark blue, red-brown, green, light-red, blue, yellow orange, violet, light-brown, and light-blue. All values were 4x400d.

Q-67 Information is needed about the August 8, 1942 German issue (Scott 528). I understand that it has sports significance.

Q-68 Frankly, I'm confused about the markings on the Netherlands 1928 Olympic pentagonal stadium handstamp. What do the three varieties, N1, N2 and N3 symbolize? Of the numerals and letters in the five points of the star, the only numbers that I understand is the year date 1928. Which star arm indicates the

the month and say numerals? What do the markings on the other star arms mean?

Q-69 Can any information be provided about Friedrich Ludwig Jahn who is pictured on the DDR issue (Scott 110) and the "Turen" gymnastic movement?

A-62 A translation of the expression "Mens fervida in corpore lacertose", imprinted on the DDR 1971 Olympic stamp which graces the Vol. 17 JSP masthead may represent two thoughts of approximately the same sentiment. A Latin teacher in your editor's school system presented the following translation: "An alert mind creates physical strength." However, this phrase was also used as a band of lettering on Canadian sculptor Robert Tait McKenzie's shield. According to Christofer Hussey's book "Tait McKenzie", published by Lippen-cott in 1930, the phrase means, "An eager mind in a lithe body." Take your choice!

Q-70 Was a picture of Spiridon Loues, winner of the first (1896) marathon race, ever illustrated on a postage stamp?

A-63 According to Carl-Olof Enhagen's book, "Sport Stamps" the Russian 1946 stamp (Scott 1056) pictures a sports parade in Moscow, was issued Aug. 7, 1946. Scott dates the issue July 1946 and identifies it as an "All-Union Parade of Physical Culturists". Enhagen classifies the stamp as a sports propaganda issue and places the parade in the Dynamo Stadium.

MOSCOW OLYMPICS 1980 --- by Joe Lacko

Since many Olympic collectors collect only the material issued by the host nations, I would like to attempt to form a list of items that has been issued by the USSR for the 1980 Olympiade.

The USSR has a rather busy schedule. The Soviets are attempting to utilize the fact of being host country with a good number of all sorts of issues to be used as publicity and a partial source of financial income for funding the '80 Olympics. Throughout the European, as well as, US market a great deal of publicity and advertising is being used to push the sale of commemorative issues, coins, paper money, medals etc.

As of this date in early summer months, the following philatelic material is herewith documented that has been issued for the 1980 Games.

A souvenir sheet began the series of issues on 25-12-1974, which included four stamps showing the categories of gymnastics, track & field, soccer and canoeing. The FDC of this issue also carried the Olympic theme.

On 28-12-1976, three stamps were issued with the official organizing office symbols stylized in the Olympic theme. With the s/s the theme was honoring the city of Moscow. The center shows the landmark, Kremlin. The FDC repeats the stamp motive, while with the s/s it shows the Organizing Committee building. The commemorative cancel indicates the official emblem with the customary Olympic Rings.

Additional issue appeared on 21-6-1977 in series of five stamps created in the style of wrestling, free style wrestling, judo, boxing and weight lifting. The FDC illustrates the above stamps and the legend "XXII Olympic Games Moscow '80". The commemorative cancel is in black.

On 22-9-1977 another s/s was issued iwth a series of five stamps. At this time, cycling, archery & fencing events were the sports. The s/s commemorates the panthlon event. The six DSC's have the identical format as previous issues, but in different arrangement.

The water sports were noted in the issue of 24-3-78. Swimming, diving, water polo, kayak (female), kayak (male) were the sport categories. This issue also includes a souvenir sheet honoring the water sport of rowing. The cancel complements the rowing sport. The FDC cachet bears the stamp resemblance.

On 26-10-1978 the USSR issued a series of stamps commemorating the sailing events, which will be held in Talin on the Baltic Sea. The stamps depict the following, Star, Soling "470", Finn and the Flying Dutchman. The Usual s/s this time illustrates a sail boat of the Tornado class. The six FDC's received the customary comm cancel.

All issues to date have been done by graphic artist Litvinov. The stamps are printed in two formats, sheets of 36 and the souvenir sheets of 20 stamps. The margin on both sheets contains the Olympic emblem. High values and the s/s are issued in limited quantities.

In addition, stamps were issued for the propagation of tourism, Olympic Games, and old historical cities in the USSR. These issues were printed under the theme of "Golden Circle". The first was from 30-12-1977 and the two stamps honored the city of Ivanovo, while the other two were for Suzdal and the last two for Vladimir. On this first day of issue, an anological postal card was also issued. The cancel, besides the traditional emblem and rings, the following wording appears: "Tourism in the Golden Circle".

The second part came out at the end of 1978, again two stamps for each of the following cities: Zagorsk, Pereslavl-Zalesskij, Rostov and Jaroslavl. The stamps are of the semi-postal variety

The ever popular stationery made its appearance in envelopes and postal cards with imprinted stamps. These issues enrich the abundance of items to fill the collectors needs. Initially, commence with postal cards which are printed on quality paper of smooth texture.

On 25-4-1977 the initial postal card appeared and called attention to the successes of the Soviet athletes at past games that they participated in. The stamp illustrates the Luzinky Stadium. The leftside there is illustrated the Oly. flame, Soviet flag, Olympic Rings, stylized track, All of the above is tied in with ribbon and text½ "USSR Participant in Seven Olympiades". The commem cancel carries the same above text with the rings and flame.

The next issue came out on 5-4-1978 under the heading "This You'll Witness In Moscow.." The mascot, a Moscow Cub, makes his first appearance, listing the Moscow Theater, Philharmonics, and the Cinema. All of these landmarks are shown on same sets of cards. The stamp shows the view of Moscow with Kremlin over which appears a six colored rainbow. The special cancel reads, "Moscow, Seat of the XXII Olympic Games". The official emblem of the Organizing Comm. and two classical theater masks are included

The third postal card was also on 5-4-78. This card calls attention to the Moscow museums, galleries, with the mascot in the forefront. The Kremlin and Red Square under a rainbow are seen in the stamp. The commem cancel differs from the stamp that it also shows a pencil, brush and artist's palette.

The fourth issue came out on 14-4-78. The mascot is now placed in a position as to publicize the architecture from the 16-18th centuries. The stamp concentrates on the modern section of Moscow. The round cancel completes the top of an Ancient Greek pillar.

The last card was issued on 17-4-78. This card depicts a schematic map of Moscow with placings of Olympic objects. The map is ornamental with symbols of Olympic sports. In the stamp there are two new modern Olympic objects along with the now traditional rainbow. The cancel is in the form of an oval track with three small triangular flags.

The following stationery envelopes were issued.

18-7-1977 an airmail envelope, 6 kop. value with boxing being depicted.

19-7-1977 regular postage 4k. Three additional sports appear on these envelopes: archery, cycling, judo and weight lifting. One of the envelopes is an airmail and depicts pentathlon.

21-7-1977 issue again shows archery. This one is an airmail value.

2-8-1977 another airmail envelope was issued with the free style and regular wrestling.

11-8-1977 shows the fencing event.

11-9-1977 only a day after the above issue, 4k envelope came out with imprinted stamp in a shape of an oval track with two ancient runners with torches. The leftside of the envelope depicts Kremlin section of Moscow with the text: "Moscow Site of the XXII Olympiad".

6-12-1977 yachting is on the regular envelope. A diver is depicted on the 6k airmail.

10-1-1978 an airmail envelope shows canoeists (female) and a pair.

7-27-1978 the regular 4k repeats canoe (male) and individual kayak.

14-2-1978 is the lottery the topic with a stopwatch, three automobiles and a large text: "Sprint" on regular envelope.

5-7-1978 "Olympian Amongst Us, Tescant 1978". All Sparacists Games of Students. Regular envelope. 9-11-1978 completes the Olympic documentations with a large official emblem and the Olympic Rings, with a commem cancel in the form of an oval track.

Meter Postmarks:

The Olympic Committee is using two meters with the following texts:

103050 Moscow
K50 ul. Gorkeho d. 22-A
Orgkoitet Olympiada-80
/with Olympic Rings/emblem

Moscow postoffice K-50 is the official post office through which all mail is processed from the Organizing Committee Headquarters.

Thus far, a grand total of the following has been issued:

- 37 stamps
- 5 souvenir sheets
- 5 stationery postal cards
- 20 envelopes
- 4 FDC envelopes
- 13 special cancels
- 14 anological view cards
- 2 meters

Hopefully, I will be able to update this list in the near future for our membership. By the time this listing appears in print, we'll have additional material to be added to the above. The above listing was compiled by Ing. Jaroslav Petrsek, whose work I have translated from the Czech language and who asked that we publish his work in our SPI Journal. Ing. Petrsek works with us here in the USA, as he is a member of Olymp/Sport, which is an organization counterpart to our SPI and we freely exchange information and ideas so the members can benefit here as in Czechoslovakia.

Our counterpart in Czechoslovakia, OLYMP/SFORT, in honor of the Moscow Olympics, 1980, will sponsor the National Topical Exhibition OLYMP/SFORT 1980. The exhibition will be held in conjunction with the commemoration of liberation of Czechoslovakia in 1945 and sectional Spatakaide in Ceske Budejovice, May 24 -- June 1, 1980.

Invited to exhibit are members of the OlympSport membership, as well as foreign exhibitors.

Two commemorative cancels will be used, as well as, one stationery item, catalogue and other philatelic souvenirs.

Prizes will be in the form of medals with sport theme and will be presented to winners on ribbons of national colors and placed around the winners neck, just as it is done on the Olympic winner stands.

Will our SPI ever be able to hold a similar event? Joe Lacko, Assoc. Editor

We are in need of a member to continue the "Olympic Postal Stationery" series in JSP. Brian Hammond is no longer with SPI and the last section to appear in JSP was in the Sept-Oct 1978 issue. REVIEWS

PLANTY'S PHOTO ENCYCLOPEDIA OF CACHETED F.D.C.'s (The Classic Period) by Dr. Earl Planty and Michael Mellone. Edited by Barry Newton. Published 1979 by F.D.C. Publishing Co., PO Box 206 Stewartsville, NJ 08886.

This well printed publication is being released piecemeal and each part may be purchased separately. Sport and Olympic collectors will be most interested in the part including the 1932 Olympic stamps, Scott numbers 716, 718-19.

This work is basically a listing of all cachets found primarily of First Day Covers. Everything is priced and prices are supposed to reflect current market values. Unfortunately, what has often happened is that many dealers increase their prices whenever a Planty section comes out and often the retail value is higher than in this catalog. Nevertheless the prices seem well representative of the Spring, 1979 FDC cachet market.

Every major cachet variety is listed and illustrated with few exceptions. However, there are already a few cachets known to this reviewer that are not listed. A few sub-varieties are given sub-numbers. Cachets include printed varieties, add-ons applied later (usually by printing or hand-painting), and vignettes. Postcard and vignette varieties are also listed.

However, there is already considerable controversy whether vignettes should be listed as cachet varieties at all because there are a greatmany 1932 Olympic vignettes as many SPI members already know from the SPI 1932 handbook. Anyone can take an uncacheted FDC and add a contemporary Olympic vignette to it and voila! create an unlisted Planty variety.

Occasionally, non-FDC cachets will be listed but this is more to let the novice have a hint of the possibilities for this kind of material. Some information is erroneous as for example reference to some FDC's with philatelic station cancels. None is illustrated or explained.

The great majority of printed cachets fall in the range of \$20 or \$25 apiece with some of the more common as low as \$15.00 each. But some of those so-called \$15.00 listings are thoroughly underrated in this reviewer's opinion--most notably 718-19-68 and 718-19-73. The Beazell 718-19 cachets are bargains at \$40 apiece as this reviewer has not seen them offered in the FDC market for at least three years. Many cachets are fully priced, but others are bargains at the Planty catalog price.

Readers should not be persuaded to purchase FDC's with vignette cachets as the FDC market is mainly interested in printed cachets. Rubber-stamped cachets have been considered by some to be counterfeitable but none has been reported. Prices for rubberstamp cachets are at the lower end of the price spectrum, usually \$8 apiece. The highest prices seen for an Olympic printed cachet is \$85.

The descriptions give credit to contributions by William Brown, David Bressler and this reviewer. The three-ring pages are convenient and the section for the Olympic 1932 cachets is relatively inexpensive. This section may be considered complementary to the SPI 1932 handbook but of course lacks its depth and breadth of coverage. The section and series is recommended. Write to the publisher for details.
